PROXY STATEMENT
For the Annual Meeting of Stockholders
To Be Held December 8, 2004

General

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of CMGI, Inc., a Delaware corporation (the "Company"), for use at the Company's 2004 Annual Meeting of Stockholders (the "2004 Meeting"), which will be held at the offices of Wilmer Cutler Pickering Hale and Dorr LLP, 60 State Street, Boston, Massachusetts 02109, on Wednesday, December 8, 2004, at 9:00 a.m. local time, and at any adjournments thereof. The Notice of Annual Meeting, this Proxy Statement, the accompanying proxy card and the Company's Annual Report to Stockholders for the fiscal year ended July 31, 2004 are being mailed to stockholders on or about November 2, 2004. The Company's principal executive offices are located at 1100 Winter Street, Waltham, Massachusetts 02451 and its telephone number is (781) 663-5001.

Solicitation

The cost of soliciting proxies, including expenses in connection with preparing, printing and mailing this Proxy Statement, will be borne by the Company. The Company has retained MacKenzie Partners, Inc. to act as a proxy solicitor to assist in the solicitation. The Company has agreed to pay such firm \$8,000, plus out-of-pocket expenses, for proxy solicitation services. Copies of solicitation materials will be furnished to brokerage houses, nominees, fiduciaries and custodians to forward to beneficial owners of the Company's Common Stock, \$.01 par value per share (the "Common Stock"), held in their names. In addition to the solicitation of proxies by mail, the Company's directors, officers and other employees may, without additional compensation, solicit proxies by telephone, facsimile, electronic communication and personal interviews.

Record Date, Outstanding Shares and Voting Rights

The Board of Directors has fixed Friday, October 22, 2004 as the record date for determining holders of Common Stock who are entitled to vote at the 2004 Meeting. As of October 22, 2004, the Company had approximately 476,662,902 shares of Common Stock outstanding and entitled to be voted. Each share of Common Stock entitles the record holder to one vote on each matter to be voted upon at the 2004 Meeting. A majority of the shares of Common Stock issued and outstanding and entitled to vote at the 2004 Meeting will constitute a quorum at the 2004 Meeting. Votes withheld, abstentions and broker non-votes shall be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the 2004 Meeting.

The affirmative vote of the holders of a plurality of the votes cast at the 2004 Meeting is required for the election of directors (Proposal No. 1). The affirmative vote of the holders of a majority of the shares of the Company's Common Stock present or represented by proxy and voting on the matter is required to approve the Company's 2004 Stock Incentive Plan (Proposal No. 2), and to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year (Proposal No. 7). The affirmative vote of the holders of a majority of the outstanding shares of the Company's Common Stock is required to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-5, without further approval or authorization of the

Company's stockholders (Proposal No. 3), to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-10, without further approval or authorization of the Company's stockholders (Proposal No. 4), to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-15, without further approval or authorization of the Company's stockholders (Proposal No. 5), and to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-20, without further approval or authorization of the Company's stockholders (Proposal No. 6).

Shares which abstain from voting on a particular matter and shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter ("broker non-votes") will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting for the election of directors, which requires the affirmative vote of a plurality of the votes cast or shares voting on the matter. Similarly, abstentions and broker non-votes will have no effect on the voting to approve the Company's 2004 Stock Incentive Plan or the voting to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year, each of which requires the affirmative vote of a majority of the votes cast or shares voting on the matter. Abstentions and broker non-votes, however, will have the same effect as a vote against each of the four reverse stock split proposals because approval of each of these proposals requires the affirmative vote of a majority of all outstanding shares of the Company's Common Stock.

To vote by mail, sign, date and complete the enclosed proxy card and return it in the enclosed envelope. No postage is necessary if the proxy card is mailed in the United States. If you hold your shares through a bank, broker or other nominee, they will give you separate instructions for voting your shares.

Revocability of Proxy and Voting of Shares

Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. The proxy may be revoked by filing with the Secretary of the Company, at the principal executive offices of the Company, 1100 Winter Street, Waltham, Massachusetts 02451, an instrument of revocation or a duly executed proxy bearing a later date. The proxy may also be revoked by attending the 2004 Meeting and voting in person. If not revoked, the proxy will be voted at the 2004 Meeting in accordance with the stockholder's instructions indicated on the proxy card. If no instructions are indicated, the proxy will be voted:

- **FOR** the election of the two Class II Director nominees named herein;
- **FOR** the approval of the Company's 2004 Stock Incentive Plan;
- **FOR** the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-5, without further approval or authorization of the Company's stockholders;
- **FOR** the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-10, without further approval or authorization of the Company's stockholders;
- **FOR** the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate

of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-15, without further approval or authorization of the Company's stockholders;

- **FOR** the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-20, without further approval or authorization of the Company's stockholders;
- **FOR** the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year; and
- In accordance with the judgment of the proxy holders as to any other matter that may be properly brought before the 2004 Meeting or any adjournments thereof.

The Nominating and Corporate Governance Committee has the authority to engage such independent legal and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Nominating and Corporate Governance Committee is responsible for overseeing an annual self-evaluation of the Board of Directors to determine whether it and its committees are functioning effectively and determines the nature of the evaluation, supervises the conduct of the evaluation and prepares an assessment of the performance of the Board of Directors, which is discussed with the Board of Directors. The Nominating and Corporate Governance Committee, at the request of the Board of Directors, periodically reviews and makes recommendations to the Board of Directors relating to management succession planning, including policies and principles for chief executive officer selection and performance review, as well as policies regarding succession in the event of an emergency or the retirement of the chief executive officer. The Nominating and Corporate Governance Committee presents an annual report to the Board of Directors on succession planning. The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee, a copy of which can be found under the "Investor Center" section of the Company's website at www.cmgi.com

In recommending candidates for election to the Board of Directors, the Nominating and Governance Committee considers nominees recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. The Nominating and Governance Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board of Directors. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Nominating and Governance Committee would recommend the candidate for consideration by the full Board of Directors. The Nominating and Governance Committee may engage

consultants or third-party search firms to assist in identifying and evaluating potential nominees. The Board of Directors requires that all nominees for the Board of Directors have a reputation for integrity, honesty and adherence to high ethical standards. In addition, nominees should also have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company. The Nominating and Corporate Governance Committee will consider nominees for the Board of Directors recommended by stockholders.

Stockholders wishing to propose director candidates for consideration by the Nominating and Corporate Governance Committee may do so by writing to the Secretary of the Company and providing information specified in the Company's By-Laws, including the candidate's name, biographical data and qualifications. The Company's By-Laws set forth further requirements for stockholders wishing to nominate director candidates for consideration by stockholders including, among other things, that a stockholder must give timely written notice of an intent to make such a nomination to the Secretary of the Company. See "Proposals of Stockholders for 2005 Annual Meeting." The Nominating and Corporate Governance Committee consists of Anthony J. Bay, Virginia G. Bonker (Chair), Michael J. Mardy, Francis J. Jules and Jonathan A. Kraft, each of whom is independent as defined in applicable Nasdaq listing standards. The Nominating and Corporate Governance Committee met 15 times during fiscal 2004.

Technology Committee

The Board of Directors has a Technology Committee, which provides strategic guidance and oversight to the Company on use of technology in its core businesses and evaluates and approves investment proposals made by the Company's venture capital affiliates which invest funds on the Company's behalf. The Technology Committee consists of Anthony J. Bay (Chair), Virginia G. Bonker, Francis J. Jules, David S. Wetherell and Joseph C. Lawler. The Technology Committee met two times during fiscal 2004.

Stockholder Communications with the Board of Directors

Stockholders may send written communications to the Board of Directors or any individual member to the following address: Board of Directors, c/o Secretary, CMGI, Inc., 1100 Winter Street, Waltham, MA 02451. The Company will forward all such correspondence accordingly, except for mass mailings, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material.

PROPOSAL 2

APPROVAL OF THE 2004 STOCK INCENTIVE PLAN

On October 15, 2004, the Board of Directors of the Company adopted, subject to stockholder approval, the 2004 Stock Incentive Plan (the "2004 Plan"). Up to 15,000,000 shares of common stock (subject to adjustment in the event of stock splits and other similar events) may be issued pursuant to awards granted under the 2004 Plan.

The Board of Directors believes that the future success of the Company depends, in large part, upon the ability of the Company to maintain a competitive position in attracting, retaining and motivating key personnel. **Accordingly, the Board of Directors believes approval of the 2004 Plan is in the best interests of the Company and its stockholders and recommends a vote "FOR" the approval of the 2004 Plan.**

Summary of the 2004 Plan

The following is a brief summary of the 2004 Plan. The following summary is qualified in its entirety by reference to the 2004 Plan, a copy of which is attached as Appendix VI to the electronic copy of this Proxy

Statement filed with the SEC and may be accessed from the SEC's home page (www.sec.gov). In addition, a copy of the 2004 Plan may be obtained from the Secretary of the Company.

Types of Awards

The 2004 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), non-statutory stock options, restricted stock awards, stock appreciation rights and other awards that are valued in whole or in part by reference to, or are otherwise based on, shares of common stock or other property (collectively, "Awards").

Incentive Stock Options and Non-Statutory Stock Options. Optionees receive the right to purchase a specified number of shares of common stock at a specified stock option price and subject to such other terms and conditions as are specified in connection with the stock option grant. Stock options may not be granted at an exercise price less than 100% of the fair market value of the common stock on the date of grant or for a term in excess of ten years. Stock options shall be exercisable at such times and subject to such terms and conditions as the Board of Directors may specify in the applicable stock option agreement. The 2004 Plan permits the following forms of payment of the exercise price of stock options: (i) payment by cash, check or in connection with a "cashless exercise" through a broker, (ii) except as the Board may otherwise provide in an option agreement, by surrender to the Company of shares of common stock, (iii) to the extent permitted by applicable law and by the Board, delivery to the Company of a promissory note, (iv) by payment of other lawful consideration as the Board may determine, or (v) any combination of these forms of payment.

In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant stock options in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute stock options may be granted on such terms as the Board deems appropriate in the circumstances.

Unless such action is approved by the Company's stockholders: (i) no outstanding stock option granted under the 2004 Plan may be amended to provide an exercise price per share that is lower than the then-current exercise price per share of such outstanding stock option (other than adjustments in the event of stock splits and other similar events), and (ii) the Board may not cancel any outstanding stock option and grant in substitution therefor new Awards under the 2004 Plan covering the same or a different number of shares of common stock and having an exercise price per share lower than the then-current price per share of the cancelled stock option.

Restricted Stock Awards. Restricted stock awards entitle recipients to acquire shares of common stock, subject to the right of the Company to repurchase all or part of such shares from the recipient in the event that the conditions specified in the applicable Award are not satisfied prior to the end of the applicable restriction period established for such Award. In certain circumstances, such Awards may also be subject to performance conditions.

Stock Appreciation Rights. Under the 2004 Plan, the Board of Directors has the right to grant stock appreciation rights entitling the holder, upon exercise, to receive an amount in cash or common stock or a combination thereof determined in whole or in part by reference to appreciation, from and after the date of grant, in the fair market value of a share of common stock. Stock appreciation rights may be based solely on appreciation in the fair market value of common stock or on a comparison of such appreciation with some other measure of market growth such as appreciation in a recognized market index. The date as of which such appreciation or other measure is determined shall be the exercise date unless another date is specified by the Board.

Other Stock-Based Awards. Under the 2004 Plan, the Board of Directors has the right to grant other Awards of shares of common stock or Awards valued in whole or in part by reference to, or otherwise based on, shares of common stock or other property, including Awards entitling recipients to receive shares of common stock to be delivered in the future.

Eligibility to Receive Awards

Employees, officers, directors, consultants and advisors of the Company and its subsidiaries are eligible to be granted Awards under the 2004 Plan. Under present law, however, incentive stock options may only be granted to employees of the Company and its subsidiaries. The maximum number of shares with respect to which stock options may be granted to any participant under the 2004 Plan may not exceed 6,000,000 shares per calendar year. The maximum number of shares with respect to which Awards other than stock options and stock appreciation rights may be granted under the 2004 Plan shall be 5,000,000 shares.

Plan Benefits

As of October 1, 2004, the Company had approximately 4,133 employees, including the Company's eight executive officers, and five non-employee directors, all of whom are eligible to receive Awards under the 2004 Plan. The granting of Awards under the 2004 Plan is discretionary, and the Company cannot now determine the number or type of Awards to be granted in the future to any particular person or group.

On November 1, 2004, the last reported sale price of the Company's common stock on the Nasdaq National Market was \$1.35.

Administration

The 2004 Plan is administered by the Board of Directors. The Board of Directors has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 2004 Plan and to interpret the provisions of the 2004 Plan. Pursuant to the terms of the 2004 Plan, the Board of Directors may delegate authority under the 2004 Plan to one or more committees or subcommittees of the Board of Directors, and one or more officers of the Company. The Board of Directors has authorized the Human Resources and Compensation Committee to administer certain aspects of the 2004 Plan, including the granting of Awards to executive officers. The Board of Directors has also authorized the Company's Chief Executive Officer and Chief Financial Officer to administer certain aspects of the 2004 Plan, including the granting of stock options to employees of the Company other than executive officers.

Subject to any applicable limitations contained in the 2004 Plan, the Board of Directors, the Human Resources and Compensation Committee, or any other committee to whom the Board of Directors delegates authority, as the case may be, selects the recipients of Awards and determines (i) the number of shares of common stock covered by stock options and the dates upon which such stock options become exercisable, (ii) the exercise price of stock options, (iii) the duration of stock options, (iv) the number of shares of common stock subject to any restricted stock awards and the terms and conditions of such Awards, including conditions for repurchase, issue price and repurchase price, (v) the terms and conditions of any stock appreciation rights, and (vi) the terms and conditions of any other stock-based Award. The Board of Directors may also defer delivery of shares of common stock subject to any Awards to such time or times, and on such conditions, as the Board of Directors may specify.

The Board of Directors is required to make appropriate adjustments in connection with the 2004 Plan and any outstanding Awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization. The 2004 Plan also contains provisions addressing the consequences of any Reorganization Event, which is defined as (i) any merger or consolidation of the Company with or into another entity as a result of which all of the common stock of the Company is converted into or exchanged for the right to receive cash, securities or other property, (ii) any exchange of all of the common stock of the Company for cash, securities or other property pursuant to a share exchange transaction, or (iii) any liquidation or dissolution of the Company. Upon the occurrence of a Reorganization Event, the Board shall take any one or more of the following actions as to all or any outstanding Awards other than restricted stock awards on such terms as the Board determines: (i) provide that Awards shall be assumed, or substantially equivalent Awards shall be substituted, by the acquiring or succeeding corporation, (ii) provide that unexercised stock options or other unexercised Awards

shall become exercisable in full and will terminate immediately prior to the consummation of such Reorganization Event unless exercised within a specified period following the date of such notice, (iii) provide that outstanding Awards shall become realizable or deliverable, or restrictions applicable to an Award shall lapse, in whole or in part prior to or upon such Reorganization Event, (iv) in the event of a Reorganization Event under the terms of which holders of common stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event, make or provide for a cash payment in exchange for the termination of such stock options or other Awards, (v) provide that, in connection with a liquidation or dissolution of the Company, Awards shall convert into the right to receive liquidation proceeds, and (vi) any combination of the foregoing.

Upon the occurrence of a Reorganization Event other than a liquidation or dissolution of the Company, the repurchase and other rights of the Company under each outstanding restricted stock award will inure to the benefit of the acquiring or succeeding corporation. The Board of Directors will specify the effect of a liquidation or dissolution of the Company on any restricted stock award at the time the Award is granted.

If any Award expires or is terminated, surrendered, canceled or forfeited, the unused shares of common stock covered by such Award will again be available for grant under the 2004 Plan, subject, however, in the case of incentive stock options, to any limitations under the Code.

Amendment or Termination

No Award may be made under the 2004 Plan after October 15, 2014, but Awards previously granted may extend beyond that date. The Board of Directors may at any time amend, suspend or terminate the 2004 Plan, except that no Award designated as subject to Section 162(m) of the Code by the Board of Directors after the date of such amendment shall become exercisable, realizable or vested (to the extent such amendment was required to grant such Award) unless and until such amendment shall have been approved by the Company's stockholders.

If stockholders do not approve the adoption of the 2004 Plan, the 2004 Plan will not go into effect, and the Company will not grant any Awards under the 2004 Plan. In such event, the Board of Directors will consider whether to adopt alternative arrangements based on its assessment of the needs of the Company.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that generally will arise with respect to Awards granted under the 2004 Plan. This summary is based on the tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options

A participant will not have income upon the grant of an incentive stock option. Also, except as described below, a participant will not have income upon exercise of an incentive stock option if the participant has been employed by the Company or its corporate parent or 50% or more-owned corporate subsidiary at all times beginning with the stock option grant date and ending three months before the date the participant exercises the stock option. If the participant has not been so employed during that time, then the participant will be taxed as described below under "Nonstatutory Stock Options." The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will have income upon the sale of the stock acquired under an incentive stock option at a profit (if sales proceeds exceed the exercise price). The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the stock option was granted and more than one year after the stock option was exercised, then all of the profit will be long-term capital gain. If a participant sells

the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. This capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term. If a participant sells the stock at a loss (sales proceeds are less than the exercise price), then the loss will be a capital loss. This capital loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Nonstatutory Stock Options

A participant will not have income upon the grant of a nonstatutory stock option. A participant will have compensation income upon the exercise of a nonstatutory stock option equal to the value of the stock on the day the participant exercised the stock option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the day the stock option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Restricted Stock

A participant will not have income upon the grant of restricted stock unless an election under Section 83(b) of the Code is made within 30 days of the date of grant. If a timely 83(b) election is made, then a participant will have compensation income equal to the value of the stock less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. If the participant does not make an 83(b) election, then when the stock vests the participant will have compensation income equal to the value of the stock on the vesting date less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the sales proceeds less the value of the stock on the vesting date. Any capital gain or loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Stock Appreciation Rights and Other Stock-Based Awards

The tax consequences associated with stock appreciation rights or any other stock-based award granted under the 2004 Plan will vary depending on the specific terms of such Award. Among the relevant factors are whether or not the Award has a readily ascertainable fair market value, whether or not the Award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the Award and the participant's holding period and tax basis for the Award or underlying common stock.

Tax Consequences to Us

There will be no tax consequences to the Company except that the Company will be entitled to a deduction when a participant has compensation income. Any such deduction may be subject to the limitations of Section 162(m) of the Code.

PROPOSAL 3

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-5, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

The Company may consider effecting a reverse split of its issued and outstanding shares of Common Stock ("reverse stock split" or "reverse split") on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting if such action is deemed appropriate and in the best interests of the Company and its stockholders. Such action may be taken, among other reasons, in order to preserve the listing of the Company's Common Stock on the Nasdaq National Market, to meet listing requirements for other trading markets or exchanges, or for reasons related to capital markets generally, including attracting institutional investors. Given the time and expense associated with convening a special meeting of stockholders, which would be required to consider this issue at a later time, the Board of Directors has determined that it is most efficient and in the best interests of the Company's stockholders to seek approval and authorization of a reverse stock split at the 2004 Meeting.

At the Company's 2003 Annual Meeting of Stockholders (the "2003 Meeting"), the stockholders approved a proposal authorizing the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of between 1-for-2 and 1-for-25, inclusive, without further approval or authorization of the Company's stockholders. The Board has not determined to effect a reverse stock split pursuant to the authority conferred on it by the stockholders at the 2003 Meeting. Accordingly, as of December 8, 2004, the date of the 2004 Meeting, that authority will expire and be without any further effect.

The Company has determined to submit a series of proposals, none of which are conditioned on any other submitted proposal, that would grant authority to the Board of Directors to effect a reverse split, with such authority to be exercised, if at all, in accordance with the parameters of such proposals, at any time prior to the Company's next annual meeting of stockholders following the 2004 Meeting. If some or all of such proposals are

approved by the Company's stockholders at the 2004 Meeting or at an adjournment thereof, the Board of Directors would then have the discretion to implement a reverse stock split, within the parameters of the authority granted at the 2004 Meeting, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting, without seeking further approval or authorization of the Company's stockholders.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the "Amendment"), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting.

In Proposal No. 3, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-5 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2004 Meeting, all such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-5 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

The primary reason for implementing a reverse split would be to attempt to increase the per share market price of the Common Stock. In recent years, the closing bid price for the Company's Common Stock has remained below \$1.00 per share for extended periods. As a result, on November 1, 2002, the listing of the Company's Common Stock transferred from the Nasdaq National Market to the Nasdaq SmallCap Market. On June 26, 2003, following maintenance of the minimum closing bid price requirement for 30 consecutive days and compliance with all other continued listing requirements of the Nasdaq National Market, the listing of the Company's Common Stock transferred back to the Nasdaq National Market. The Nasdaq National Market requires a minimum bid price per share of \$1.00 for continued listing. The Board of Directors anticipates that a reverse split, if implemented, would have the effect of increasing, proportionately, the per share trading price of the Company's Common Stock, which could result in a share price high enough to maintain compliance with the

Nasdaq National Market minimum price requirement should the closing bid price for the Company's Common Stock drop below \$1.00 per share for extended periods. There can be no assurance, however, that the Company would be able to maintain the listing of the Company's Common Stock on the Nasdaq National Market or the Nasdaq SmallCap Market even if a reverse split results in a bid price for the Company's Common Stock that exceeds \$1.00 per share.

The Board of Directors believes that the current low price of the Company's Common Stock has had a negative effect on the marketability of the issued and outstanding shares, the amount and percentage of transaction costs paid by individual stockholders and the potential ability of the Company to raise capital by issuing additional shares of its Common Stock. The Board of Directors believes there are several reasons for these effects. First, certain institutional investors have internal policies preventing the purchase of low-priced stocks. Moreover, a variety of policies and practices of broker-dealers discourage individual brokers within those firms from dealing in low-priced stocks. Second, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current share price of the Company's Common Stock can result in individual stockholders paying transaction costs (commissions, markups or markdowns) which are a higher percentage of their total share value than would be the case if the Company's share price were substantially higher. This factor is also believed to limit the willingness of institutions to purchase the Company's Common Stock.

The Board of Directors anticipates that a reverse split would result in an increased per share bid price for the Company's Common Stock. The Board of Directors also believes that the decrease in the number of shares of the Company's Common Stock outstanding as a consequence of a reverse split, and the anticipated related increase in the price of the Company's Common Stock, could encourage interest in the Company's Common Stock and possibly promote greater liquidity for the Company's stockholders, although such liquidity could be adversely affected by the reduced number of shares outstanding after a reverse split. In addition, although any increase in the market price of the Company's Common Stock resulting from a reverse split may be proportionately less than the decrease in the number of outstanding shares, a reverse split could result in a market price for the shares that would be high enough to overcome the reluctance, policies and practices of brokers and investors referred to above and to diminish the adverse impact of trading commissions on the market for the shares.

There can be no assurances, however, that if a reverse split were implemented, the foregoing events would occur, or that the market price of the Company's Common Stock immediately after such a reverse split would be maintained for any period of time. Moreover, there can be no assurance that the market price of the Company's Common Stock after a reverse split would adjust to reflect the conversion ratio (e.g., if the market price is \$1.50 before a reverse split and the ratio is one (1) share for every five (5) shares outstanding there can be no assurance that the market price for such share immediately after the reverse split would be \$7.50 (5 x \$1.50)); or that the market price following a reverse split would either exceed or remain in excess of the then current market price.

Principal Effects of the Proposed 1-for-5 Reverse Split

If the proposed 1-for-5 reverse stock split is approved at the 2004 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-5 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one fifth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of five and the respective exercise prices would be increased by a factor of five.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the reverse split would receive cash in lieu of the fractional share as explained more fully below.

The par value of the Company's Common Stock would remain unchanged at \$.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse split is approved at the 2004 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse split. As of October 22, 2004, the record date for the 2004 Meeting, there were 476,662,902 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse split, the actual number of shares issued and outstanding before and after the reverse split would increase or decrease accordingly.

Because the reverse split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse split would not alter the relative rights and preferences of existing stockholders. The reverse split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse split is approved at the 2004 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse split is approved at the 2004 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse split, the Company would pay cash equal to the fair value of the Company's Common Stock as determined by the Board of Directors at the effective time of the reverse split.

Federal Income Tax Consequences

The following description of the material federal income tax consequences of a reverse split is based on the Internal Revenue Code of 1986, as amended (the "Code"), applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this Proxy Statement. Changes to the laws could alter the tax consequences described below, possibly with retroactive effect. The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of a reverse split. This discussion is for general information only and does not discuss the tax consequences which may apply to special classes of taxpayers (e.g., non-resident aliens, broker/dealers or insurance companies). The state and local tax consequences of a reverse split may vary significantly as to each stockholder, depending upon the jurisdiction in which such stockholder resides. Stockholders are urged to consult their own tax advisors to determine the particular consequences to them.

In general, the federal income tax consequences of a reverse split will vary among stockholders depending upon whether they receive cash for fractional shares or solely a reduced number of shares of the Company's Common Stock in exchange for their old shares of the Company's Common Stock. The Company believes that because a reverse split would not be part of a plan to increase periodically a stockholder's proportionate interest in the Company's assets or earnings and profits, the reverse split would likely have the following federal income tax effects:

A stockholder who receives solely a reduced number of shares of the Company's Common Stock would not recognize gain or loss. In the aggregate, such a stockholder's basis in the reduced number of shares of the Company's Common Stock would equal the stockholder's basis in its old shares of the Company's Common Stock.

A stockholder who receives cash in lieu of a fractional share as a result of the reverse split would generally be treated as having received the payment as a distribution in redemption of the fractional share, as provided in Section 302(a) of the Code, which distribution would be taxed as either a distribution under Section 301 of the Code or an exchange to such stockholder, depending on that stockholder's particular facts and circumstances. Generally, a stockholder receiving such a payment should recognize gain or loss equal to the difference, if any, between the amount of cash received and the stockholder's basis in the fractional share. In the aggregate, such a stockholder's basis in the reduced number of shares of the Company's Common Stock will equal the stockholder's basis in its old shares of the Company's Common Stock decreased by the basis allocated to the fractional share for which such stockholder is entitled to receive cash.

The Company would not recognize any gain or loss as a result of a reverse split.

Board Discretion to Implement the 1-for-5 Reverse Split

If the proposed 1-for-5 reverse split is approved at the 2004 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting, authorize the reverse split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix I to this Proxy Statement. The determination by the Board of Directors to implement a reverse split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq National Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement a reverse split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2004 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding approval of the reverse split at the 2004 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-5 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 4

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-10, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

For an overview of the reverse stock split proposals, see the caption entitled "Overview" in Proposal No. 3 above.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the "Amendment"), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting.

In Proposal No. 4, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-10 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2004 Meeting, all such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-10 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

For a discussion of the reasons underlying the Company's decision to seek approval for the reverse split, see the caption entitled "Reasons for the Reverse Split" in Proposal No. 3 above.

Principal Effects of the Proposed 1-for-10 Reverse Split

If the proposed 1-for-10 reverse stock split is approved at the 2004 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-10 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one tenth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of ten and the respective exercise prices would be increased by a factor of ten.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the

Company's Common Stock pursuant to the reverse split would receive cash in lieu of the fractional share as explained more fully below.

The par value of the Company's Common Stock would remain unchanged at \$.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse split is approved at the 2004 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse split. As of October 22, 2004, the record date for the 2004 Meeting, there were 476,662,902 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse split, the actual number of shares issued and outstanding before and after the reverse split would increase or decrease accordingly.

Because the reverse split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse split would not alter the relative rights and preferences of existing stockholders. The reverse split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse split is approved at the 2004 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse split is approved at the 2004 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse split, the Company would pay cash equal to the fair value of the Company's Common Stock as determined by the Board of Directors at the effective time of the reverse split.

Federal Income Tax Consequences

For a discussion of the federal income tax consequences of the reverse split, see the caption entitled "Federal Income Tax Consequences" in Proposal No. 3 above.

Board Discretion to Implement the 1-for-10 Reverse Split

If the proposed 1-for-10 reverse split is approved at the 2004 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting, authorize the reverse split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix II to this Proxy Statement. The determination by the Board of Directors to implement a reverse split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq National Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement the reverse split of the Company's Common Stock, the ratio chosen by the Board of Directors from

among those approved by the stockholders at the 2004 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding approval of the reverse split at the 2004 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-10 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 5

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-15, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

In Proposal No. 5, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-15 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting. Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-15 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

For a discussion of the reasons underlying the Company's decision to seek approval for the reverse split, see the caption entitled "Reasons for the Reverse Split" in Proposal No. 3 above.

Principal Effects of the Proposed 1-for-15 Reverse Split

If the proposed 1-for-15 reverse stock split is approved at the 2004 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-15 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one fifteenth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of 15 and the respective exercise prices would be increased by a factor of 15.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse split. TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-20, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

For an overview of the reverse stock split proposals, see the caption entitled "Overview" in Proposal No. 3 above.

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of

In Proposal No. 6, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-20 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting. Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-20 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

For a discussion of the reasons underlying the Company's decision to seek approval for the reverse split, see the caption entitled "Reasons for the Reverse Split" in Proposal No. 3 above.

Principal Effects of the Proposed 1-for-20 Reverse Split

If the proposed 1-for-20 reverse stock split is approved at the 2004 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-20 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one twentieth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of 20 and the respective exercise prices would be increased by a factor of 20.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse split. Federal Income Tax Consequences

For a discussion of the federal income tax consequences of the reverse split, see the caption entitled "Federal Income Tax Consequences" in Proposal No. 3 above.

Board Discretion to Implement the 1-for-20 Reverse Split

If the proposed 1-for-20 reverse split is approved at the 2004 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting, authorize the reverse split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix IV to this Proxy Statement. The determination by the Board of Directors to implement a reverse split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq National Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement the reverse split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2004 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-20 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2004 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 7

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed KPMG LLP, independent registered public accounting firm, to audit the Company's consolidated financial statements for the fiscal year ending July 31, 2005, and recommends that the stockholders vote for ratification of such appointment. If the stockholders do not ratify the selection of KPMG as the Company's independent registered public accounting firm, the appointment will be reconsidered by the Audit Committee. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests. A representative of KPMG, which served as the Company's independent registered public accounting firm in fiscal 2004, is expected to be present at the Annual Meeting to be available to respond to appropriate questions from stockholders and to make a statement if he or she desires to do so.

The Board of Directors recommends that the stockholders vote FOR the ratification of KPMG LLP to serve as the Company's independent registered public accounting firm for the current fiscal year.

Each Affiliated Director who ceases to be an Affiliated Director will be granted, on the date such director ceases to be an Affiliated Director but remains as a member of the Board of Directors, an Initial Option to acquire 200,000 shares of Common Stock under the Director Plan. Each Initial Option will vest and become exercisable as to $\frac{1}{36}$ th of the number of shares of Common Stock originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a director on such monthly anniversary date.

On each anniversary of the grant of the Initial Option, each eligible director will automatically be granted an option to purchase 24,000 shares of Common Stock (an "Annual Option"), provided that such eligible director serves as a director on the applicable anniversary date. Except as otherwise provided in the applicable option agreement, each option granted under the Director Plan shall terminate, and may no longer be exercised, on the date ten years after the date of grant of such option.

Human Resources and Compensation Committee Report

The Human Resources and Compensation Committee of the Board of Directors (the "Compensation Committee") is composed of four directors who are not employees of the Company. The Compensation Committee regularly reviews and approves compensation and benefit programs of the Company and also reviews and determines the actual compensation of the Company's executive officers, as well as all stock option grants, performance-based stock options, other equity-based awards and cash incentive awards to all key employees. The Compensation Committee reviews and administers the Company's 2004 Stock Incentive Plan, 2002 Non-Officer Employee Stock Incentive Plan, 2000 Stock Incentive Plan, 1986 Stock Option Plan (under which no further options may be granted) and Employee Stock Purchase Plan. The Compensation Committee reviews executive compensation reports prepared by independent organizations in order to evaluate the appropriateness of its executive compensation program.

The Company operates in highly competitive and rapidly changing markets. The Compensation Committee believes that the compensation programs for executive officers should be designed to attract, motivate and retain talented executives responsible for the success of the Company. The Compensation Committee uses its base salary and incentive bonus program for the Company's executive officers in order to enhance short-term profitability and stockholder value and uses stock options and other equity-based awards to enhance long-term growth in profitability, return on equity and stockholder value. In order to meet these objectives, the Compensation Committee sets base salaries and target incentive bonus awards for the Company's executive officers for each fiscal year based on competitive peer group analysis prepared by a compensation consulting firm.

The Compensation Committee reviews the Company's annual performance plan for the ensuing fiscal year and sets specific incentive target bonus awards which are directly linked to the short-term financial performance of the Company as a whole. For fiscal 2004, the Compensation Committee adopted and administered an

Executive Officer Bonus Plan for CMGI, Inc. This plan covers the executive officers of the Company, and is funded based on the Company's consolidated business performance, with minimum threshold levels established. Bonus payments under the plan may range from 0-200% of an individual's target bonus based on business and individual performance. Based on the Company's business performance and the achievement of individual goals and objectives, as well as the exercise by the Compensation Committee of its discretion, Messrs. Oberdorf and Gray received bonuses under the Executive Officer Bonus Plan for CMGI, Inc. of \$100,000 and \$70,000, respectively, for fiscal 2004. In addition, following the approval and recommendation of the Compensation Committee, and based on the Company's business performance and the achievement of individual goals and objectives, as well as the exercise by the SalesLink Board of Directors of its discretion, Mr. Boothby received a bonus under the Executive Officer Bonus Plan for SalesLink Corporation of \$37,500 for fiscal 2004.

For fiscal 2005, the Compensation Committee has adopted an Executive Officer Bonus Plan for CMGI, Inc. This plan covers the executive officers of the Company, and is funded based on the Company's consolidated business performance, with minimum threshold levels established. Bonus payments under the plan may range from 0-200% of an individual's target bonus based on business and individual performance.

In addition to salaries and incentive bonuses, the Compensation Committee also grants stock options, shares of restricted stock and other equity-based awards to executive officers and other key employees of the Company and its subsidiaries in order to focus the efforts of these employees on the long-term enhancement of profitability and stockholder value. Following a review by the Compensation Committee of the stock options and other equity held by the executive officers, the executive officers of the Company, including the Chief Executive Officer, were granted a combination of stock options and shares of restricted stock in fiscal 2004.

With respect to the Chief Executive Officer of the Company, the Compensation Committee utilizes a compensation program composed of base salary, incentive bonuses based on business and financial performance of the Company and individual performance during the fiscal year, and stock option grants. George A. McMillan served as the Chief Executive Officer of the Company during all of fiscal 2004. In August 2004, Mr. McMillan resigned as President and Chief Executive Officer and as a member of the Board of Directors of the Company, and Joseph C. Lawler became President and Chief Executive Officer of the Company, succeeding Mr. McMillan. For a description of Mr. Lawler's employment-related agreements and arrangements, see "Employment Agreements and Severance and Change of Control Arrangements."

In February 2002, the Company and George A. McMillan entered into an agreement whereby Mr. McMillan would become the Chief Executive Officer of the Company. Pursuant to such agreement, Mr. McMillan's annual salary was set at \$500,000. In determining the compensation of Mr. McMillan as Chief Executive Officer, the Compensation Committee reviewed comparable compensation data from the Company's competitive peer groups, as well as Mr. McMillan's potential for effectiveness and leadership with the Company. Mr. McMillan was also eligible to participate in the Company's bonus plans for executive officers. Based on the Company's business performance and an assessment of individual goals and objectives during fiscal 2004, the Compensation Committee determined that no bonus be awarded for fiscal 2004 to Mr. McMillan. See "Employment Agreements and Severance and Change of Control Arrangements."

Section 162(m) of the Code generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the company's chief executive officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. In general, the Company structures and administers its stock option plans in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, there can be no assurance that compensation attributable to awards granted under the Company's stock option plans will be treated as qualified performance-based compensation under Section 162(m). In addition, the Compensation Committee reviews the potential effect of Section 162(m)

periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in the best interests of the Company and its stockholders.

The Compensation Committee believes that the foregoing combination of base salaries, incentive bonuses, stock options, shares of restricted stock and other equity-based awards have helped develop a senior management group dedicated to the business results and financial performance of the Company.

Certain Relationships and Related Transactions

@Ventures

The Company maintains interests in several venture capital funds. The Company's interests in such entities are reflected principally through its ownership of CMG@Ventures Capital Corp. and CMG@Ventures, Inc., wholly owned subsidiaries of the Company. CMG@Ventures Capital Corp. and CMG@Ventures, Inc. are entitled to (i) an interest ranging from approximately 77.5% to 80% of the net capital gains realized by CMG@Ventures I, LLC ("CMG@Ventures I") (which percentage varies depending on the date on which the investment generating the particular net capital gain was made) and (ii) approximately 80% of the net capital gains realized by CMG@Ventures II, LLC ("CMG@Ventures II"). The @Ventures III funds are comprised of four entities that co-invest in each investment made by the @Ventures III funds. During fiscal 2000, additional venture capital fund entities were formed to provide follow-on financing to @Ventures III fund portfolio companies. These “expansion funds” have a structure that is substantially identical to the @Ventures III funds, and the Company’s interests in such funds are comparable to its interests in the @Ventures III funds. CMG@Ventures Capital Corp. is entitled to approximately 80% of the net capital gains realized by CMG@Ventures Expansion, LLC. CMG@Ventures Capital Corp., through its interest in CMGI@Ventures IV, LLC (“CMGI@Ventures IV”), is generally entitled to an interest, ranging from 80% to 92.5%, of the net profits from each investment made by CMGI@Ventures IV, depending on the aggregate amount previously distributed to CMGI@Ventures Capital Corp. by CMGI@Ventures IV, and after payment of certain fees to profit members of CMGI@Ventures IV. During fiscal 2004, the Company formed @Ventures V, LLC (“@Ventures V”). CMG@Ventures Capital Corp., through its interest in @Ventures V, is generally entitled to approximately 93.3% of the net profits from each investment made by @Ventures V.

Mr. Wetherell is a managing member of CMG@Ventures II and in that capacity owns an approximately 7.8% carried interest in the net realized gains (as defined in the operating agreement) of CMG@Ventures II. Mr. Wetherell’s interest in CMG@Ventures II is fully vested. Mr. Wetherell has indirect compensatory interests in the @Ventures III funds and related management entities (as described below). Mr. Wetherell is not a member of @Ventures V and has no compensatory interests therein.

Jonathan A. Kraft, a member of the Company’s Board of Directors, is President and Chief Operating Officer of The Kraft Group, a private holding company. The Kraft Group is a limited partner of @Ventures III, L.P. and @Ventures Expansion Fund, L.P.

CMG@Ventures I and CMG@Ventures II

From August 1, 2003 through July 31, 2004, Mr. Wetherell received no distributions of cash or securities from CMG@Ventures I or CMG@Ventures II. A change of control is defined to mean, among other things, a change of control of the Company (i) which has not been

approved by a majority of all of the members of the Board of Directors of the Company, or (ii) which has been approved by a majority of all the members of the Board of Directors of the Company but which has not been approved by a majority in interest of the profit members of CMG@Ventures I, LLC and which is likely by its terms to have a material adverse effect upon the business and prospects of CMG@Ventures I, LLC and which change of control in either event is of a nature that would be required to be reported in response to certain items of Schedule 14A of Regulation 14A promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), provided that, in the case of a change of control reportable under Item 6(e), such change of control involves the acquisition by any "person" (as such term is used in Sections 13(d)(3) and 14(d)(2) of the Exchange Act, but expressly excluding Mr. Wetherell) of beneficial ownership, directly or indirectly, of securities or interests in the Company which represent more than 30% of the combined voting power of the Company's outstanding securities.

The Operating Agreement of CMG@Ventures II, LLC provides that, upon a change of control (as defined), each managing member, including Mr. Wetherell, may elect, within two months of the date of the change of control, to have CMG@Ventures II, LLC repurchase all, and not less than all, of the interest in CMG@Ventures II, LLC held by such managing member at the fair market value of such interest as determined by an independent appraisal pursuant to a procedure set forth in the Operating Agreement. A change of control is defined to mean, among other things, a change of control of the Company (i) which has not been approved by a majority of all of the members of the Board of Directors of the Company, or (ii) which has been approved by a majority of all the members of the Board of Directors of the Company but which has not been approved by a majority in interest of the members of CMG@Ventures II, LLC and which is likely by its terms to have a material adverse effect upon the business and prospects of CMG@Ventures II, LLC and which change of control in either event is of a nature that would be required to be reported in response to certain items of Schedule 14A of Regulation 14A promulgated under the Exchange Act, provided that, in the case of a change of control reportable under Item 6(e), such change of control involves the acquisition by any "person" (as such term is used in Sections 13(d)(3) and 14(d)(2) of the Exchange Act, but expressly excluding Mr. Wetherell) of beneficial ownership, directly or indirectly, of securities or interests in the Company which represent more than 30% of the combined voting power of the Company's outstanding securities.

Joseph C. Lawler

On August 23, 2004, Joseph C. Lawler was appointed President and Chief Executive Officer of the Company. In connection therewith, the Company and Mr. Lawler executed an employment offer letter, dated as of August 23, 2004, which provides for the employment of Mr. Lawler as President and Chief Executive Officer of the Company at an annual salary of \$550,000. Mr. Lawler shall also be eligible for an annual cash bonus under the Company's Executive Officer Bonus Plan (or any successor plan). Mr. Lawler's annual target bonus shall be 125% of his annual salary. Mr. Lawler's bonus for fiscal 2005 shall be guaranteed at a minimum of \$250,000. Pursuant to the employment offer letter, on August 23, 2004, Mr. Lawler was granted an option to purchase 2,700,000 shares of the Company's Common Stock at an exercise price of \$1.25 per share. Such option has a seven-year term and shall vest 20% of the total number of shares subject to the option on each of the first five anniversaries of the grant date. In addition, on August 27, 2004, Mr. Lawler was granted 1,800,000 shares of the Company's Common Stock with the purchase price deemed to have been paid in kind through Mr. Lawler's agreement to employment by the Company. Such restricted shares shall be subject to forfeiture provisions which shall lapse as to 20% of the total number of shares subject to the grant on each of the first five anniversaries of the grant date. In connection with such initial grants of stock options and restricted stock, Mr. Lawler and the Company also entered into an agreement containing non-competition covenants in favor of the Company during Mr. Lawler's employment and for 12 months thereafter. In addition, on each of the first five anniversaries of Mr. Lawler's date of hire on which he is employed by the Company, the Company shall grant additional stock options and restricted stock awards ("Additional Awards") to Mr. Lawler with respect to such number of shares of the Company's Common Stock that, when added to the initial grants described above, will be equal to 2% of the Company's outstanding shares of common stock (on a fully diluted basis) on August 2, 2004, immediately following the Company's acquisition of Modus Media, Inc. Each such additional grant of stock options and restricted stock shall be in the proportion of 1.5 options to each share of restricted stock. Each Additional Award

shall vest 20% of the total of such award on each anniversary of the date of grant and, in the case of stock options, shall have a seven-year term and an exercise price equal to the fair market value of a share of the Company's Common Stock on the date of grant. If at any time the closing share price of the Company's Common Stock equals or exceeds \$3.00 for 30 consecutive trading days (adjusted for changes in capitalization), then the Company shall immediately grant to Mr. Lawler all of such Additional Awards that have not been previously granted. The inability of the Company to grant any of the Additional Awards when due for any reason, including as a result of a failure of the Company to obtain stockholder approval of a necessary increase in the number of shares available under any applicable Company equity incentive plan, would constitute Good Reason under Mr. Lawler's Executive Severance Agreement described below.

Pursuant to the employment offer letter, Mr. Lawler and the Company entered into an Executive Severance Agreement, dated as of August 23, 2004, that provides in the event that his employment is terminated by the Company for a reason other than for Cause (as defined) or by Mr. Lawler for Good Reason (as defined), then the Company shall pay Mr. Lawler a one-time severance payment equal to 12 months of his then-current annual base salary plus his target bonus as in effect on his last day of employment. In addition, 50% of the portion of each of Mr. Lawler's stock options and restricted stock awards which would otherwise become vested on or before the first anniversary of the date his employment is terminated shall be immediately vested, such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In addition, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause or by Mr. Lawler for Good Reason within 12 months following a Change of Control (as defined), then the Company shall pay Mr. Lawler a one-time severance payment equal to 24 months of his then-current annual base salary plus two times his target bonus as in effect on his last day of employment. In addition, (i) in the event the Change in Control occurs on or after August 23, 2005, $\frac{1}{3}$ of Mr. Lawler's stock options and restricted stock awards which are not then vested (taken proportionately from each of the remaining vesting tranches) shall immediately vest as of the date of termination, (ii) in the event the Change in Control occurs on or after August 23, 2006, $\frac{2}{3}$ of Mr. Lawler's stock options and restricted stock awards which are not then vested (taken proportionately from each of the remaining vesting tranches) shall immediately vest as of the date of termination, (iii) in the event the Change in Control occurs on or after the August 23, 2007, all of Mr. Lawler's stock options and restricted stock awards which are not then vested shall immediately vest as of the date of termination, and (vi) in each such case, such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In the event that any amounts payable to Mr. Lawler under the agreement are characterized as "excess parachute payments" under Section 280G of the Internal Revenue Code, then Mr. Lawler may elect to reduce the severance payments or have a portion of the stock options or restricted stock not vest.

Pursuant to the employment offer letter, Mr. Lawler and the Company also entered into an agreement, dated as of August 23, 2004, pursuant to which the Company shall reimburse Mr. Lawler for certain relocation expenses up to a maximum of \$150,000. Pursuant to the employment offer letter, Mr. Lawler and the Company also entered into an agreement, dated as of August 23, 2004, pursuant to which the Company shall provide indemnification to Mr. Lawler in his capacities as a director and executive officer of the Company to the fullest extent provided by applicable law and by the Company's Certificate of Incorporation and By-laws.

The option was divided into three tranches as follows: tranche 1 = 1,250,000 shares; tranche 2 = 1,000,000 shares; and tranche 3 = 500,000 shares. Tranche 1 of the option vested and became exercisable as follows: (A) $\frac{1}{4}$ th of the number of shares subject to tranche 1 vested and became exercisable on the earlier to occur of (i) the first anniversary of the date of grant and (ii) the first date following the date of grant that the Company publicly announces operating income excluding expenses related to in-process research and development, depreciation, restructuring, long-lived asset impairment and amortization of intangible assets and stock-based compensation ("Net Operating Income") on a consolidated basis for a fiscal quarter commencing after the date of grant greater than zero dollars (the "First Confirmation Date"), plus (B) an additional $\frac{1}{48}$ th of the number of shares subject to tranche 1 vested and became exercisable on the date of each successive monthly anniversary of the first anniversary of the date of grant. Additionally, in the event that any such termination of employment occurred on or after February 18, 2004, 50% of the then-unvested options to purchase shares of common stock of the Company pursuant to options granted to Mr. McMillan on February 18, 2002 ("CEO Options") were to immediately become exercisable in full and be deemed fully vested. In addition, the agreement provided that in the event that his employment was terminated by the Company for a reason other than for Cause or by Mr. McMillan for Good Reason within one year following a Change of Control of the Company (as defined), then (i) the Company was to pay Mr. McMillan a one-time severance payment equal to 24 months of his then-current annual base salary plus target bonus as in effect on his last day of employment, and (ii) each outstanding option to purchase shares of Common Stock of the Company then held by Mr. McMillan was to immediately become exercisable in full and be deemed fully vested. CMGI, INC.
2004 STOCK INCENTIVE PLAN

1. Purpose

The purpose of this 2004 Stock Incentive Plan (the “Plan”) of CMGI, Inc., a Delaware corporation (the “Company”), is to advance the interests of the Company’s stockholders by enhancing the Company’s ability to attract, retain and motivate persons who are expected to make important contributions to the Company and by providing such persons with equity ownership opportunities and performance-based incentives that are intended to align their interests with those of the Company’s stockholders. Except where the context otherwise requires, the term “Company” shall include any of the Company’s present or future parent or subsidiary corporations as defined in Sections 424(e) or (f) of the Internal Revenue Code of 1986, as amended, and any regulations promulgated thereunder (the “Code”) and any other business venture (including, without limitation, joint venture or limited liability company) in which the Company has a controlling interest, as determined by the Board of Directors of the Company (the “Board”).

2. Eligibility

All of the Company’s employees, officers, directors, consultants and advisors are eligible to receive options, stock appreciation rights, restricted stock and other stock-based awards (each, an “Award”) under the Plan. Each person who receives an Award under the Plan is deemed a “Participant.”

3. Administration and Delegation

(a) Administration by Board of Directors. The Plan will be administered by the Board. The Board shall have authority to grant Awards and to adopt, amend and repeal such administrative rules, guidelines and practices relating to the Plan as it shall deem advisable. The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be made in the Board’s sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award. No director or person acting pursuant to the authority delegated by the Board shall be liable for any action or determination relating to or under the Plan made in good faith.

(b) Appointment of Committees. To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a “Committee”). All references in the Plan to the “Board” shall mean the Board or a Committee of the Board or the officers referred to in Section 3(c) to the extent that the Board’s powers or authority under the Plan have been delegated to such Committee or officers.

(c) Delegation to Officers. To the extent permitted by applicable law, the Board may delegate to one or more officers of the Company the power to grant Awards to employees or

officers of the Company or any of its present or future subsidiary corporations and to exercise such other powers under the Plan as the Board may determine, provided that the Board shall fix the terms of the Awards to be granted by such officers (including the exercise price of such Awards, which may include a formula by which the exercise price will be determined) and the maximum number of shares subject to Awards that the officers may grant; provided further, however, that no officer shall be authorized to grant Awards to any "executive officer" of the Company (as defined by Rule 3b-7 under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) or to any "officer" of the Company (as defined by Rule 16a-1 under the Exchange Act).

4. Stock Available for Awards

(a) Number of Shares. Subject to adjustment under Section 9, Awards may be made under the Plan for up to 15,000,000 shares of common stock, \$0.01 par value per share, of the Company (the "Common Stock"). If any Award (i) expires or is terminated, surrendered or canceled without having been fully exercised; (ii) is forfeited in whole or in part (including as the result of shares of Common Stock subject to such Award being repurchased by the Company at the original issuance price pursuant to a contractual repurchase right); or (iii) results in any shares of Common Stock not being issued, the unused shares of Common Stock covered by such Award shall again be available for the grant of Awards under the Plan. Further, shares of Common Stock tendered to the Company by a Participant to exercise an Award shall be added to the number of shares of Common Stock available for the grant of Awards under the Plan. However, in the case of Incentive Stock Options (as hereinafter defined), the foregoing provisions shall be subject to any limitations under the Code. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(b) Sub-limits. Subject to adjustment under Section 9, the following sub-limits on the number of shares subject to Awards shall apply:

(1) Section 162(m) Per-Participant Limit. The maximum number of shares of Common Stock with respect to which Awards may be granted to any Participant under the Plan shall be 6,000,000 per calendar year. For purposes of the foregoing limit, the combination of an Option in tandem with an SAR (as each is hereafter defined) shall be treated as a single Award. The per-Participant limit described in this Section 4(b)(1) shall be construed and applied consistently with Section 162(m) of the Code or any successor provision thereto, and the regulations thereunder ("Section 162(m)").

(2) Limit on Awards other than Options and SARs. The maximum number of shares with respect to which Awards other than Options and SARs may be granted shall be 5,000,000.

5. Stock Options

(a) General. The Board may grant options to purchase Common Stock (each, an "Option") and determine the number of shares of Common Stock to be covered by each Option, the exercise price of each Option and the conditions and limitations applicable to the exercise of each Option, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable. An Option which is not intended to be an Incentive Stock Option (as hereinafter defined) shall be designated a "Nonstatutory Stock Option."

(b) Incentive Stock Options. An Option that the Board intends to be an “incentive stock option” as defined in Section 422 of the Code (an “Incentive Stock Option”) shall only be granted to employees of CMGI, Inc., any present or future parent or subsidiary corporation of CMGI, Inc., as defined in Sections 424(e) or (f) of the Code, and any other entities the employees of which are eligible to receive Incentive Stock Options under the Code, and shall be subject to and shall be construed consistently with the requirements of Section 422 of the Code. The Company shall have no liability to a Participant, or any other party, if an Option (or any part thereof) that is intended to be an Incentive Stock Option is not an Incentive Stock Option or for any action taken by the Board pursuant to Section 10(f), including without limitation the conversion of an Incentive Stock Option to a Nonstatutory Stock Option.

(c) Exercise Price. The Board shall establish the exercise price of each Option and specify such exercise price in the applicable option agreement, provided, however, that the exercise price shall be not less than 100% of the Fair Market Value (as defined below) at the time the Option is granted.

(d) Duration of Options. Each Option shall be exercisable at such times and subject to such terms and conditions as the Board may specify in the applicable option agreement, provided, however, that no Option will be granted for a term in excess of ten years.

(e) Exercise of Option. Options may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Board together with payment in full as specified in Section 5(f) for the number of shares for which the Option is exercised. Shares of Common Stock subject to the Option will be delivered by the Company following exercise either as soon as practicable or, subject to such conditions as the Board shall specify, on a deferred basis (with the Company’s obligation to be evidenced by an instrument providing for future delivery of the deferred shares at the time or times specified by the Board).

(f) Payment Upon Exercise. Common Stock purchased upon the exercise of an Option granted under the Plan shall be paid for as follows:

(1) in cash or by check, payable to the order of the Company;

(2) except as the Board may otherwise provide in an option agreement, by (i) delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company sufficient funds to pay the exercise price and any required tax withholding or (ii) delivery by the Participant to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price and any required tax withholding;

(3) except as the Board may otherwise provide in an option agreement, when the Common Stock is registered under the Securities Exchange Act of 1934 (the “Exchange Act”), by delivery of shares of Common Stock owned by the Participant valued at their fair market value as determined by (or in a manner approved by) the Board (“Fair Market Value”),

provided (i) such method of payment is then permitted under applicable law, (ii) such Common Stock, if acquired directly from the Company, was owned by the Participant for such minimum period of time, if any, as may be established by the Board in its discretion and (iii) such Common Stock is not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements;

(4) to the extent permitted by applicable law and by the Board, by (i) delivery of a promissory note of the Participant to the Company on terms determined by the Board, or (ii) payment of such other lawful consideration as the Board may determine; or

(5) by any combination of the above-permitted forms of payment.

(g) Substitute Options. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Options in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Options may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Options contained in the other sections of this Section 5 or in Section 2.

(h) Limitation on Repricing. Unless such action is approved by the Company's stockholders: (1) no outstanding Option granted under the Plan may be amended to provide an exercise price per share that is lower than the then-current exercise price per share of such outstanding Option (other than adjustments pursuant to Section 9) and (2) the Board may not cancel any outstanding Option and grant in substitution therefor new Awards under the Plan covering the same or a different number of shares of Common Stock and having an exercise price per share lower than the then-current price per share of the cancelled Option.

6. Stock Appreciation Rights.

(a) General. A Stock Appreciation Right, or SAR, is an Award entitling the holder, upon exercise, to receive an amount in cash or Common Stock or a combination thereof (such form to be determined by the Board) determined in whole or in part by reference to appreciation, from and after the date of grant, in the fair market value of a share of Common Stock. SARs may be based solely on appreciation in the fair market value of Common Stock or on a comparison of such appreciation with some other measure of market growth such as (but not limited to) appreciation in a recognized market index. The date as of which such appreciation or other measure is determined shall be the exercise date unless another date is specified by the Board in the SAR Award.

(b) Grants. Stock Appreciation Rights may be granted in tandem with, or independently of, Options granted under the Plan.

(c) Exercise. Stock Appreciation Rights may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Board, together with any other documents required by the Board.

7. Restricted Stock.

(a) General. The Board may grant Awards entitling Participants to acquire shares of Common Stock, subject to the right of the Company to repurchase all or part of such shares at their issue price or other stated or formula price (or to require forfeiture of such shares if issued at no cost) from the Participants in the event that conditions specified by the Board in the applicable Award are not satisfied prior to the end of the applicable restriction period or periods established by the Board for such Award (each, a “Restricted Stock Award”).

(b) Terms and Conditions. The Board shall determine the terms and conditions of a Restricted Stock Award, including the conditions for repurchase (or forfeiture) and the issue price, if any.

(c) Stock Certificates. Any stock certificates issued in respect of a Restricted Stock Award shall be registered in the name of the Participant and, unless otherwise determined by the Board, deposited by the Participant, together with a stock power endorsed in blank, with the Company (or its designee). At the expiration of the applicable restriction periods, the Company (or such designee) shall deliver the certificates no longer subject to such restrictions to the Participant or if the Participant has died, to the beneficiary designated, in a manner determined by the Board, by a Participant to receive amounts due or exercise rights of the Participant in the event of the Participant’s death (the “Designated Beneficiary”). In the absence of an effective designation by a Participant, “Designated Beneficiary” shall mean the Participant’s estate.

(d) Deferred Delivery of Shares. The Board may, at the time any Restricted Stock Award is granted, provide that, at the time Common Stock would otherwise be delivered pursuant to the Award, the Participant shall instead receive an instrument evidencing the right to future delivery of Common Stock at such time or times, and on such conditions, as the Board shall specify. The Board may at any time accelerate the time at which delivery of all or any part of the Common Stock shall take place. The Board may also permit an exchange of unvested shares of Common Stock that have already been delivered to a Participant for an instrument evidencing the right to future delivery of Common Stock at such time or times, and on such conditions, as the Board shall specify.

8. Other Stock-Based Awards.

Other Awards of shares of Common Stock, and other Awards that are valued in whole or in part by reference to, or are otherwise based on, shares of Common Stock or other property, may be granted hereunder to Participants (“Other Stock Unit Awards”), including without limitation Awards entitling recipients to receive shares of Common Stock to be delivered in the future. Such Other Stock Unit Awards shall also be available as a form of payment in the settlement of other Awards granted under the Plan or as payment in lieu of compensation to which a Participant is otherwise entitled. Other Stock Unit Awards may be paid in shares of Common Stock or cash, as the Board shall determine. Subject to the provisions of the Plan, the Board shall determine the conditions of each Other Stock Unit Award, including any purchase price applicable thereto. At the time any Other Stock Unit Award is granted, the Board may provide that, at the time Common Stock would otherwise be delivered pursuant to the Other Stock Unit Award, the Participant will instead receive an instrument evidencing the Participant’s right to future delivery of the Common Stock.

9. Adjustments for Changes in Common Stock and Certain Other Events.

(a) Changes in Capitalization. In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than an ordinary cash dividend, (i) the number and class of securities available under this Plan, (ii) the sub-limits set forth in Section 4(b), (iii) the number and class of securities and exercise price per share of each outstanding Option, (iv) the share- and per-share provisions of each Stock Appreciation Right, (v) the repurchase price per share subject to each outstanding Restricted Stock Award and (vi) the share- and per-share-related provisions of each outstanding Other Stock Unit Award, shall be appropriately adjusted by the Company (or substituted Awards may be made, if applicable) to the extent determined by the Board. If this Section 9(a) applies and Section 9(b) also applies to any event, Section 9(b) shall be applicable to such event, and this Section 9(a) shall not be applicable.

(b) Reorganization Events.

(1) Definition. A “Reorganization Event” shall mean: (a) any merger or consolidation of the Company with or into another entity as a result of which all of the then outstanding shares of Common Stock of the Company is converted into or exchanged for the right to receive cash, securities or other property or is cancelled, (b) any exchange of all of the Common Stock of the Company for cash, securities or other property pursuant to a share exchange transaction or (c) any liquidation or dissolution of the Company.

(2) Consequences of a Reorganization Event on Awards Other than Restricted Stock Awards. In connection with a Reorganization Event, the Board shall take any one or more of the following actions as to all or any outstanding Awards other than Restricted Stock Awards on such terms as the Board determines: (i) provide that Awards shall be assumed, or substantially equivalent Awards shall be substituted, by the acquiring or succeeding corporation (or an affiliate thereof), (ii) upon written notice to a Participant, provide that the Participant’s unexercised Options or other unexercised Awards shall become exercisable in full and will terminate immediately prior to the consummation of such Reorganization Event unless exercised by the Participant within a specified period following the date of such notice, (iii) provide that outstanding Awards shall become realizable or deliverable, or restrictions applicable to an Award shall lapse, in whole or in part prior to or upon such Reorganization Event, (iv) in the event of a Reorganization Event under the terms of which holders of Common Stock will receive upon consummation thereof a cash payment for each share surrendered in the Reorganization Event (the “Acquisition Price”), make or provide for a cash payment to a Participant equal to (A) the Acquisition Price times the number of shares of Common Stock subject to the Participant’s Options or other Awards (to the extent the exercise price does not exceed the Acquisition Price) minus (B) the aggregate exercise price of all such outstanding Options or other Awards, in exchange for the termination of such Options or other Awards, (v) provide that, in connection with a liquidation or dissolution of the Company, Awards shall convert into the right to receive liquidation proceeds (if applicable, net of the exercise price thereof) and (vi) any combination of the foregoing.

For purposes of clause (i) above, an Option shall be considered assumed if, following consummation of the Reorganization Event, the Option confers the right to purchase, for each share of Common Stock subject to the Option immediately prior to the consummation of the Reorganization Event, the consideration (whether cash, securities or other property) received as a result of the Reorganization Event by holders of Common Stock for each share of Common Stock held immediately prior to the consummation of the Reorganization Event (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding shares of Common Stock); provided, however, that if the consideration received as a result of the Reorganization Event is not solely common stock of the acquiring or succeeding corporation (or an affiliate thereof), the Company may, with the consent of the acquiring or succeeding corporation, provide for the consideration to be received upon the exercise of Options to consist solely of common stock of the acquiring or succeeding corporation (or an affiliate thereof) equivalent in fair market value (as determined in the sole discretion of the Board) to the per share consideration received by holders of outstanding shares of Common Stock as a result of the Reorganization Event.

To the extent all or any portion of an Option becomes exercisable solely as a result of clause (ii) above, the Board may provide that upon exercise of such Option the Participant shall receive shares subject to a right of repurchase by the Company or its successor at the Option exercise price; such repurchase right (x) shall lapse at the same rate as the Option would have become exercisable under its terms and (y) shall not apply to any shares subject to the Option that were exercisable under its terms without regard to clause (ii) above.

(3) Consequences of a Reorganization Event on Restricted Stock Awards. Upon the occurrence of a Reorganization Event other than a liquidation or dissolution of the Company, the repurchase and other rights of the Company under each outstanding Restricted Stock Award shall inure to the benefit of the Company's successor and shall apply to the cash, securities or other property which the Common Stock was converted into or exchanged for pursuant to such Reorganization Event in the same manner and to the same extent as they applied to the Common Stock subject to such Restricted Stock Award. The Board may specify the effect of a liquidation or dissolution on any Restricted Stock Award granted under the Plan at the time of the grant of such Award.

10. General Provisions Applicable to Awards

(a) Transferability of Awards. Except as the Board may otherwise determine or provide in an Award, Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or, other than in the case of an Incentive Stock Option, pursuant to a qualified domestic relations order, and, during the life of the Participant, shall be exercisable only by the Participant. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

(b) Documentation. Each Award shall be evidenced in such form (written, electronic or otherwise) as the Board shall determine. Each Award may contain terms and conditions in addition to those set forth in the Plan.

(c) Board Discretion. Except as otherwise provided by the Plan, each Award may be made alone or in addition or in relation to any other Award. The terms of each Award need not be identical, and the Board need not treat Participants uniformly.

(d) Termination of Status. The Board shall determine the effect on an Award of the disability, death, retirement, authorized leave of absence or other change in the employment or other status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or Designated Beneficiary, may exercise rights under the Award.

(e) Withholding. Each Participant shall pay to the Company, or make provision satisfactory to the Company for payment of, any taxes required by law to be withheld in connection with an Award to such Participant. If provided for by the Board in an Award, for so long as the Common Stock is registered under the Exchange Act, Participants may satisfy such tax obligations in whole or in part by delivery of shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value; provided, however, except as otherwise provided by the Board, that the total tax withholding where stock is being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). Shares surrendered to satisfy tax withholding requirements cannot be subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements. The Company may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to a Participant.

(f) Amendment of Award. The Board may amend, modify or terminate any outstanding Award, including but not limited to, substituting therefor another Award of the same or a different type, changing the date of exercise or realization, and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

(g) Conditions on Delivery of Stock. The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

(h) Acceleration. The Board may at any time provide that any Award shall become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

(i) Performance Conditions.

(1) This Section 10(i) shall be administered by a Committee approved by the Board, all of the members of which are “outside directors” as defined by Section 162(m) (the “Section 162(m) Committee”).

(2) Notwithstanding any other provision of the Plan, if the Section 162(m) Committee determines, at the time a Restricted Stock Award or Other Stock Unit Award is granted to a Participant who is then an officer, that such Participant is, or is likely to be as of the end of the tax year in which the Company would claim a tax deduction in connection with such Award, a Covered Employee (as defined in Section 162(m)), then the Section 162(m) Committee may provide that this Section 10(i) is applicable to such Award.

(3) If a Restricted Stock Award or Other Stock Unit Award is subject to this Section 10(i), then the lapsing of restrictions thereon and the distribution of cash or Shares pursuant thereto, as applicable, shall be subject to the achievement of one or more objective performance goals established by the Section 162(m) Committee, which shall be based on the relative or absolute attainment of specified levels of one or any combination of the following: (a) earnings per share, (b) return on average equity or average assets with respect to a pre-determined peer group, (c) earnings, (d) earnings growth, (e) revenues, (f) expenses, (g) stock price, (h) market share, (i) return on sales, assets, equity or investment, (j) regulatory compliance, (k) improvement of financial ratings, (l) achievement of balance sheet or income statement objectives, (m) total shareholder return, (n) net operating profit after tax, (o) pre-tax or after-tax income, (p) cash flow, or (q) such other objective goals established by the Board, and may be absolute in their terms or measured against or in relationship to other companies comparably, similarly or otherwise situated. Such performance goals may be adjusted to exclude any one or more of (i) extraordinary items, (ii) gains or losses on the dispositions of discontinued operations, (iii) the cumulative effects of changes in accounting principles, (iv) the writedown of any asset, and (v) charges for restructuring and rationalization programs. Such performance goals may vary by Participant and may be different for different Awards. Such performance goals shall be set by the Section 162(m) Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m).

(4) Notwithstanding any provision of the Plan, with respect to any Restricted Stock Award or Other Stock Unit Award that is subject to this Section 10(i), the Section 162(m) Committee may adjust downwards, but not upwards, the cash or number of Shares payable pursuant to such Award, and the Section 162(m) Committee may not waive the achievement of the applicable performance goals except in the case of the death or disability of the Participant.

(5) The Section 162(m) Committee shall have the power to impose such other restrictions on Awards subject to this Section 10(i) as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for “performance-based compensation” within the meaning of Section 162(m)(4)(C) of the Code, or any successor provision thereto.

11. Miscellaneous

(a) No Right To Employment or Other Status. No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

(b) No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed with respect to an Award until becoming the record holder of such shares. Notwithstanding the foregoing, in the event the Company effects a split of the Common Stock by means of a stock dividend and the exercise price of and the number of shares subject to such Option are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), then an optionee who exercises an Option between the record date and the distribution date for such stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such Option exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

(c) Effective Date and Term of Plan. The Plan shall become effective on the date on which it is adopted by the Board, but no Award may be granted unless and until the Plan has been approved by the Company's stockholders. No Awards shall be granted under the Plan after the completion of 10 years from the earlier of (i) the date on which the Plan was adopted by the Board or (ii) the date the Plan was approved by the Company's stockholders, but Awards previously granted may extend beyond that date.

(d) Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time; provided that, no amendment requiring stockholder approval under any applicable legal, regulatory or listing requirement shall become effective until such stockholder approval is obtained.

(e) Provisions for Foreign Participants. The Board may modify Awards granted to Participants who are foreign nationals or employed outside the United States or establish subplans or procedures under the Plan to recognize differences in laws, rules, regulations or customs of such foreign jurisdictions with respect to tax, securities, currency, employee benefit or other matters.

(f) Governing Law. The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the State of Delaware, without regard to any applicable conflicts of law.
