EXPLANATORY NOTE

We are filing this Amendment No. 1 on Form 10-K/A (this "Amendment") to our Annual Report on Form 10-K for the fiscal year ended July 31, 2011, as filed with the U.S. Securities and Exchange Commission ("SEC") on October 14, 2011 (the "Original Filing"), solely for the purpose of including the information required by Part III (Items 10, 11, 12, 13 and 14) of the Original Filing that was previously omitted from the Original Filing.

General Instruction G(3) to Form 10-K allows such omitted information to be filed as an amendment to the Annual Report on Form 10-K or incorporated by reference from the Company's definitive proxy statement which involves the election of directors not later than 120 days after the end of the fiscal year covered by the Annual Report on Form 10-K. Because the Company's definitive proxy statement for the next annual meeting of stockholders will not be filed with the SEC within 120 days of the end of the fiscal year ended July 31, 2011 as our board of directors has determined that we will hold the next annual meeting of stockholders on January 20, 2012 with a record date of December 1, 2011, the information required by Part III of Form 10-K cannot be incorporated by reference and, therefore, must be included as part of the Original Filing. Accordingly, the Company is filing this Amendment to include such omitted information as part of the Original Filing.

Except as described above, no other information in the Original Filing is being modified or amended by this Amendment, and unless indicated otherwise, this Amendment does not reflect events occurring after October 14, 2011, which is the filing date of the Original Filing. Accordingly, this Amendment should be read in conjunction with the Original Filing and our filings made with the SEC on or subsequent to October 14, 2011.

The Audit Committee discusses with management and the Company's outside auditors the financial information developed by the Company, the Company's systems of internal controls and the Company's audit process. The Audit Committee is solely and directly responsible for appointing, evaluating, retaining and, when necessary, terminating the engagement of the independent auditor. The independent auditors meet with the Audit Committee (both with and without the presence of the Company's management) to review and discuss various matters pertaining to the audit, including the Company's financial statements, the report of the independent auditors on the results, scope and terms of their work, and their recommendations concerning the financial practices, controls, procedures and policies employed by the Company. The Audit Committee oversees the internal audit functions and the senior-most internal auditor reports directly to the Audit Committee. The Audit Committee pre-approves all audit services to be provided to the Company, whether provided by the principal auditor or other firms, and all other services (review, attest and non-audit) to be provided to the Company by the independent auditor. The Audit Committee coordinates the Board's oversight of the Company's internal control over financial reporting, disclosure controls and procedures and code of conduct. The Audit Committee is charged with establishing procedures for (i) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (ii) the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting, internal accounting controls or auditing matters. The Audit Committee reviews all related party transactions on an ongoing basis and all such transactions must be approved or ratified by the Audit Committee. The Audit Committee is authorized, without further action by the Board, to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Board has adopted a written charter for the Audit Committee, a copy of which can be found under the "Investor Relations—Governance" section of the Company's website at www.moduslink.com. The contents of our website are not part of this Amendment, and our internet address is included in this document as an inactive textual reference only. The Audit Committee consists of Virginia G. Breen, Francis J. Jules, Michael J. Mardy (Chair) and Joseph M. O'Donnell, each of whom is independent as defined in applicable Nasdaq listing standards and Rule 10A-3 under the Securities Exchange Act of 1934, as amended. The Board has determined that Michael J. Audit Committee Financial Expert

The Board has determined that Michael J. Mardy is an “audit committee financial expert” as defined in Item 407(d)(5) of Regulation S-K. Mr. Mardy is independent as defined in applicable Nasdaq listing standards.

Human Resources and Compensation Committee

The Board has a Human Resources and Compensation Committee (the “Compensation Committee”), which administers the Company’s 2010 Incentive Award Plan, 2004 Stock Incentive Plan, 2002 Non-Officer Employee Stock Incentive Plan, 2000 Stock Incentive Plan and Amended and Restated 1995 Employee Stock Purchase Plan, as well as the Company’s cash incentive plans, performance-based restricted stock program and other equity-based awards. The Compensation Committee approves salaries, bonuses and other compensation arrangements and policies for the Company’s executive officers, including the President and Chief Executive Officer. The Compensation Committee is authorized, without further action by the Board, to engage such independent legal, accounting and other advisors as it deems necessary or appropriate to carry out its responsibilities. The Board has adopted a written charter for the Compensation Committee, a copy of which can be found under the “Investor Relations—Governance” section of the Company’s website at www.moduslink.com. The Compensation Committee consists of Jeffrey J. Fenton, Thomas H. Johnson, Francis J. Jules (Chair) and Edward E. Lucente, each of whom is an independent Director as determined in accordance with the Compensation Committee charter and applicable Nasdaq rules. The Compensation Committee met 6 times during fiscal 2011.

The Company’s President and Chief Executive Officer and its Senior Vice President, Human Resources regularly attend Compensation Committee meetings to provide information and recommendations regarding the Company’s executive compensation program. The President and Chief Executive Officer formulates and presents recommendations regarding any change in the base salary, bonus, equity compensation and other benefits of other executive officers, but the Compensation Committee is not bound by such recommendations and the Compensation Committee ultimately approves the compensation of all executive officers. In addition, the Senior Vice President, Human Resources and members of the human resources staff compile relevant data at the request of the Compensation Committee. Other than making recommendations and participating in discussions regarding the compensation of other executive officers, the Company’s President and Chief Executive Officer generally does not play a role in determining the amount or form of executive compensation. The Compensation Committee generally meets in executive sessions without any member of management present when discussing compensation matters pertaining to the President and Chief Executive Officer and, at times, on other compensation-related matters. The Compensation Committee also reviews with the Board (other than Mr. Lawler), the compensation of the President and Chief Executive Officer, prior to taking final action. The President and Chief Executive Officer does not make proposals or recommendations regarding his own compensation.

In addition, to the extent permitted by applicable law and the provisions of a particular equity-based incentive plan, the Board has delegated authority to the President and Chief Executive Officer to grant stock options to non-executive employees within certain limits, including a prohibition on making grants to direct reports and per person limits, which authority is generally used to facilitate making new hire grants and to recognize promotions or reward special accomplishments and achievements. The Board has authorized Mr. Lawler to make restricted stock awards and restricted stock unit awards to non-executive employees in an amount not to exceed 1,000 shares in any one instance, and 10,000 shares in the aggregate in any fiscal year. The Compensation Committee approves the number of shares included in an annual stock option pool for annual grants to non-executive employees and thereafter the President and Chief Executive Officer is authorized to determine the amounts, recipients and date of grant of the annual stock option grants to non-executive employees.

Table of Contents

The Compensation Committee's practice is to engage an outside compensation consultant to advise it as needed and to conduct a comprehensive review of executive compensation every two years. In intervening years, it is the Compensation Committee's practice to adjust the data from the prior year, as it deems necessary, to reflect typical cost of living and inflationary effects. For certain of the years included in the Summary Compensation Table, the Compensation Committee has used Hewitt Associates LLC ("Hewitt") and Pearl Meyer & Partners ("PM&P"), as discussed below.

In fiscal 2005, the Company retained Hewitt as an independent advisor reporting to the Compensation Committee on executive compensation matters. During the fiscal years ended July 31, 2009 and July 31, 2010, Hewitt provided independent advice on compensation matters pertaining to the named executive officers and our other executives as requested by management or the Compensation Committee. During fiscal 2009, Hewitt reviewed with the Compensation Committee the overall executive compensation landscape, conducted a review of all elements of our executive compensation program, including bonus, long-term incentives, supplemental benefits, perquisites and severance, and provided a competitive review of compensation levels for a selected group of senior executive positions, including the named executive officers. Hewitt's findings were delivered in early fiscal 2010, and were taken into consideration in making fiscal 2010 executive compensation determinations and fiscal 2011 executive compensation determinations (other than with respect to the compensation of the President and Chief Executive Officer, as discussed below). Hewitt has acted as an advisor to the Compensation Committee and also has provided, with the knowledge and consent of the Compensation Committee, advice and expertise to management on matters to be presented by management to the Compensation Committee. The Company did not retained Hewitt to provide any other services to the Company.

During fiscal 2010, the Compensation Committee retained PM&P as an independent advisor regarding fiscal 2011 compensation of the President and Chief Executive Officer. During fiscal 2011, the Compensation Committee retained PM&P as its independent advisor on executive compensation matters. In June 2011, PM&P delivered to the Compensation Committee a review of market trends and conditions regarding executive compensation, and how the Company's practices compared to such matters. In early fiscal 2012, PM&P conducted a competitive analysis of the Company's executive compensation and advised the Compensation Committee in making fiscal 2012 executive compensation decisions. The Company has not retained PM&P to provide any other services to the Company.

The Compensation Committee reviews executive compensation on an ongoing basis and consults with its independent consultant as deemed necessary. The Compensation Committee also annually reviews with the President and Chief Executive Officer the results of the Company's management succession planning activities as it relates to his direct reports, and shares its findings with the full Board.

ITEM 11.— EXECUTIVE COMPENSATION

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

- **Executive Summary of Fiscal 2011 Compensation:** Given the state of the global economy, base salaries for Messrs. Lawler, Crane and McLennan remained at their 2010 levels. Messrs. Gray and Riley's base salaries were increased by 2% over 2010 to realign their salaries with market levels. The base salaries for Messrs. Gray and Riley were last increased in 2007.
- Our fiscal 2011 performance annual bonus program was aligned with our business mission, strategy and goals and provided corresponding rewards only upon attainment of performance, thereby linking executives' interests with our stockholders. For 2011, target bonus opportunities as a percentage of base salary were decreased from 2010 levels to 2009 levels. Bonuses were based on revenue, operating income and generating cash from operations, all of which measure the success of our long-term strategic plan of increased revenue and profitability as more fully discussed in "Management's Discussion and Analysis of Financial Condition and Results of Operation" contained in the Original Filing. As the performance metrics for 2011 were not met, no bonuses were paid for fiscal 2011.
- The equity component of our compensation program for fiscal 2011 was also similarly linked to our performance and the long-term interests of our stockholders. For 2011 the equity component of our compensation plan consisted of stock options, performance-based restricted stock and time vesting restricted stock. The stock options vest over time, and will only have value if our share price increases. The performance-based restricted stock was earned only if we met an operating income goal. However, since this performance metric was not met, no restricted shares for fiscal 2011 were issued and executives received no payment thereon. Time vesting restricted stock was granted in order to retain employees, but will only vest and corresponding value realized over time.

Executive Compensation Objectives

Our executive compensation program is designed to meet the following objectives:

- Attract and retain executive officers who contribute to our success;
- Align compensation with our business mission, strategy and goals; and
- Motivate and reward high levels of performance.

[Table of Contents](#)

These objectives collectively seek to link compensation to overall Company performance, which helps to ensure that the interests of our executives are aligned with the interests of our stockholders. These objectives serve as guiding principles in compensation program design.

Our compensation philosophy generally is to set our target total compensation (base salary, bonus and long term incentives) at the 50th percentile for similarly situated individuals at companies we consider to be our peers and competitors for talented individuals such as our executives and within the general industry (as more fully described below under “Benchmarking”). However, we consider the need to incent our executives and, as a result, from time to time and for certain individuals, we will exceed the 50th percentile target.

As to performance-based compensation, the Compensation Committee believes that one measure of the effectiveness of a variable compensation plan is whether compensation is being earned commensurate with performance and whether goals are set properly to reward desired performance. As discussed in more detail below, the Company did not meet its financial goals for fiscal 2011 and accordingly no amounts were earned under variable cash compensation or on performance-based equity.

Components of Executive Compensation

The principal components of compensation for our named executive officers consist of base salary; performance-based annual cash bonus; equity grants of stock options, performance-based restricted stock and time vested restricted stock; limited perquisites; and other benefits. Each component is described in more detail below. As discussed under “Human Resources and Compensation Committee”, from time to time we regularly engage a compensation consultant to assist us in determining these compensation levels and to review our executive compensation programs.

Base Salary

Base salary is the fixed component of an executive’s annual cash compensation and supports our compensation objectives to attract and retain talented executives and adequately compensate and reward them for services rendered during the fiscal year. Changes in base salary are typically considered based on subjective evaluation of individual performance during our annual performance review process which takes place in our fiscal first quarter. Assessment of individual performance includes achievements and performance of the applicable operating unit or function for which the executive is responsible. In addition, from time to time, adjustments are made to base salaries during the fiscal year in light of promotions, added responsibilities or in reaction to changes in the market for an individual possessing the skills and abilities required by our executives. Our President and Chief Executive Officer recommends compensation adjustments for the other named executive officers, which adjustments are considered by and are subject to approval by the Compensation Committee. The process for compensation adjustments for our President and Chief Executive Officer is described in the section titled “President and Chief Executive Officer Compensation Decisions” below.

The Compensation Committee reviewed base salaries during the first quarter of fiscal 2011, and given the state of the economy, decided that for most of our Named Executive Officers no change in base salary would be made for fiscal 2011. However the Compensation Committee did increase the base salaries for Messrs. Gray and Riley by 2% to realign their salaries with market levels. The base salaries for Messrs. Gray and Riley were last increased in 2007.

Performance-Based Annual Cash Bonus

Each year, the Compensation Committee establishes an Executive Management Incentive Plan or MIP, which provides cash incentives for our executives. This plan supports our compensation objectives by focusing on annual financial and operating results and enabling our target total compensation to remain competitive within the marketplace for executive talent. Each named executive officer has a target bonus award for each plan year.

[Table of Contents](#)

Target bonus awards are expressed as a percentage of the base salary paid to the named executive officer during that plan year. Historically, the Compensation Committee has selected bonus amounts for the named executive officers such that target total compensation approximated the 50th percentile of comparable positions at our peer companies or the general industry. For fiscal 2010, the Compensation Committee increased the target percentage of base salary for each of the named executive officers, on a one-time basis, by 15 percentage points over the fiscal 2009 levels in order to retain, incent and motivate the named executive officers to drive financial performance of the Company in fiscal 2010. This change was also made in light of the fact that base salaries for those executives had been at the same levels since fiscal 2008. For fiscal 2011, targeted performance-based cash bonus percentages were returned to the levels which were in place prior to the fiscal 2010 increase. In making this adjustment, the Compensation Committee considered the cash bonuses earned in fiscal 2010, the bonus percentages relative to market and peer group practice and the mix of target cash and equity compensation for the named executive officers. For fiscal 2011 targeted bonuses were:

	Target as Percentage of Base Salary
Joseph C. Lawler	125%
Steven G. Crane	70%
William R. McLennan	80%
Peter L. Gray	60%
David J. Riley	50%

At target, if earned, the performance-based annual cash bonus for the named executive officers would approximate the 50th percentile relative to the general industry survey discussed below under “Benchmarking”.

For fiscal 2011 bonuses could range from 25% to 200% of an individual’s target bonus, based on financial performance of the Company.

For fiscal 2011, the Compensation Committee established metrics to focus the Company’s executives on revenue growth, increasing operating income and generating cash from operations (or “free cash flow”), which the Compensation Committee believes are key drivers for the Company’s success and are aligned with our long-term strategy. In fiscal 2011, a portion of each participant’s target bonus percentage was allocated to each of the components on a 40%, 40% and 20% basis among revenue, operating income and free cash flow, respectively. The weighting of the revenue metric was increased from 20% in fiscal 2010 to 40% in fiscal 2011, emphasizing the Company’s focus on driving revenue growth in fiscal 2011. Each metric was considered independent from the other, so that minimum performance on any one metric was not required to make a payment for any other metric. In addition, all performance measures for 2011 were determined exclusive of the impact of acquisitions or divestitures, the impact of any non-cash goodwill impairments, any expense variances to budget related to @Ventures, which conducts the Company’s venture capital investing activities and any expenses related to the Company’s 2010 director nomination process and its resolution.

The following are the “threshold,” “target” and “maximum” levels established for each performance metric for fiscal 2011:

	Threshold	Target	Maximum
Revenue	\$ 900 million	\$ 956.4 million	\$ 1 billion
Operating Income	\$ 18.9 million	\$ 27.4 million	\$ 40 million
Free Cash Flow ¹	\$ 18 million	\$ 22.1 million	\$ 35 million

Payouts for the various components would scale from 25% to 100% between the threshold and the target levels and from 100% to 200% between the target and the maximum levels.

¹ We define free cash flow as net cash provided by operating activities of continuing operations less additions to property and equipment.

[Table of Contents](#)

In the Compensation Committee's view, the objectives established were challenging in that they could be achieved only with substantial effort. With respect to revenue, given the state of the global economy, revenue growth appeared to be attainable, however with much uncertainty. Accordingly, the threshold for payment was intended to recognize efforts to stabilize revenue and was set at the same level of revenue as was realized by the Company in the prior year. Given the anticipated changes in work mix, the operating income threshold was reduced from the fiscal 2010 level. The free cash flow threshold and target levels were also reduced over fiscal 2010, due to the Company's record free cash flow in fiscal 2010 and anticipated investments and cash usages in fiscal 2011. The changes in threshold, target and maximum levels from fiscal 2010 to fiscal 2011 are as follows:

	Threshold	Target	Maximum
Revenue	—	+6%	+11%
Operating Income	-14%	+25%	+83%
Free Cash Flow ²	-47%	-35%	+3%

For fiscal 2011, we had revenue of \$876.5 million, an operating loss of \$6.9 million and negative free cash flow of \$11.3 million, resulting in no payout of any bonus.

Equity Grants

A key component of our executives' compensation takes the form of equity grants, including stock options, performance-based restricted stock and time vested restricted stock.

Our long-term equity incentives support our compensation objectives by rewarding the achievement of long-term business objectives that benefit our stockholders and help us retain a successful and tenured management team. Our executive compensation program has, to a great extent, historically relied on equity components to meet its objectives.

In determining the size and value of equity grants made during fiscal 2011, we reviewed market information provided by Hewitt in September 2009, updated by the Company's human resources department. The Compensation Committee also considered the advice of PM&P, which reviewed the compensation of the President and Chief Executive Officer in August 2010, in determining the mix of performance-based and market risk-based equity, on the one hand, and awards for which continued service time was required, on the other. Additionally, the Compensation Committee considered the reduction in the performance-based annual bonus targets in determining the amount of equity-based awards in light of our goal for total compensation to be approximately 50th percentile relative to our peers and the general industry.

All grants in 2011 were made on the third business day after the release of earnings for our fiscal 2010.

Stock options

Historically, our equity program for executive officers has always included stock options with the size and value of awards based on the executive's position and market compensation data. The Compensation Committee believes that stock options align the interests of our executive officers with those of investors and rewards the executives for enhancing our stock valuation, and serve as a retention vehicle. As part of the named executive officers' compensation, stock options are generally awarded (i) upon initial hiring, (ii) annually, and (iii) periodically, in the event of promotions, added responsibilities and exemplary performance. The number of shares underlying an option grant is determined relative to market practice and in line with the Company's goals in relation to setting target total compensation. Options granted in fiscal 2011 vest over 4 years with 25% vesting after one year and 1/48th of the options vesting each month thereafter.

² We define free cash flow as net cash provided by operating activities of continuing operations less additions to property and equipment.

[Table of Contents](#)

Performance-Based Restricted Stock

Another component of our equity program is performance-based restricted stock, pursuant to which executive officers would be granted a predetermined number of shares of restricted stock in the event that the Company achieves a certain level of financial performance. The Compensation Committee believes that performance-based restricted stock aligns the interests of our executive officers with those of investors, rewards the executives for enhancing our stock valuation and serves as a retention vehicle.

For fiscal 2011, the potential awards for our named executive officers were as follows:

<u>Name</u>	<u>Number of Shares</u>		
	<u>Threshold</u>	<u>Target</u>	<u>Maximum</u>
Joseph C. Lawler	12,500	50,000	100,000
Steven G. Crane	2,500	10,000	20,000
William R. McLennan	4,000	16,000	32,000
Peter L. Gray	2,500	10,000	20,000
David J. Riley	2,500	10,000	20,000

The number of shares underlying the performance-based restricted stock awards was determined relative to market practice and in line with the Company's goal regarding target total compensation.

The Compensation Committee set the financial performance target for earning performance-based restricted stock in 2011 at the same threshold, target and maximum levels of operating income as described above under the performance-based annual cash bonus. As was the case with the performance-based annual cash bonus, for fiscal 2011, the Company's operating income determined in accordance with the plan was an operating loss of \$6.9 million, which was below the target established under the plan and therefore no issuances were made for fiscal 2011 of performance-based restricted stock.

Restricted Shares

The Compensation Committee determined in fiscal 2009 that an element of annual equity compensation for fiscal 2010 would take the form of three-year time vesting restricted stock awards. The Compensation Committee believed that adding restricted stock awards to our annual compensation package would help keep our compensation competitive with the marketplace and provides retentive value. This practice was repeated in fiscal 2011 and accordingly the named executive officers each received restricted stock awards, vesting in three equal annual installments. The number of shares of restricted stock granted was determined relative to market practice and in line with the Company's goals in relation to setting target total compensation.

The Company also awards shares of restricted stock coincident with the commencement of employment or in recognition of a promotion, added responsibilities, exemplary performance, to address market factors or to serve as a means to retain and motivate management.

Perquisites and other benefits

The Compensation Committee believes that the perquisites provided to the named executive officers are reasonable and modest compared to the general market. To the extent we offer any perquisites, we do so in order to be competitive with the market. Each of the named executive officers receives an automobile allowance as a term of his employment and 401(k) matching benefits consistent with those offered to all other participating employees. With respect to 401(k) matching, this practice was temporarily suspended for all employees, including the named executive officers, in February 2009, and was reinstated in November 2009.

From time to time, we have awarded discretionary cash bonuses based on, for example, exemplary performance or the assumption of additional responsibilities. No such bonuses were awarded to any named executive officers in fiscal 2011.

[Table of Contents](#)

Assessment of risk

The Compensation Committee believes that our compensation policies and practices motivate our employees to achieve our corporate objectives and to remain with our Company while avoiding unreasonable risk taking, and that our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on our Company. We believe we have allocated our compensation among base salary and incentive compensation target opportunities in such a way as to not encourage excessive risk taking. In addition, we believe our approach to goal setting, and our bonus plan design that provides for payouts at various levels of performance, further aligns employee and stockholder interests. Also, the multi-year vesting of our equity awards and our share ownership guidelines encourage our employees to have a long-term perspective.

Benchmarking

The Compensation Committee reviews executive compensation relative to marketplace norms on a regular basis and has followed a practice of refreshing this data every two years. For fiscal 2011, we considered a review of compensation done in 2010 when making our compensation decisions. In the fiscal 2010 compensation review, the Compensation Committee evaluated the competitiveness of our total target compensation relative to two data sources. One data source, which we refer to as our fiscal 2010 custom peer group (the "FY10 Custom Peer Group"), consists of companies which provide outsourced services and solutions. The companies in the FY10 Custom Peer Group were:

- Acxiom Corporation;
- ATC Technology Corporation;
- Brightpoint, Inc.;
- Celestica Inc.;
- Convergys Corporation;
- Deluxe Corporation;
- Digital River, Inc.;
- Forward Air Corporation;
- GSI Commerce, Inc.;
- Hub Group, Inc.; and
- Sykes Enterprises, Incorporated.

With the assistance of Hewitt, we developed the FY10 Custom Peer Group by considering companies included in Hewitt's Total Compensation Database, competitors identified by internal resources and industry and equity analysts, and companies identified in proxy disclosures as peers of companies reviewed. The FY10 Custom Peer Group differed from the group that we had used previously. The changes reflected that several companies in the prior peer group had been acquired and were no longer independent companies (Advo, Inc., CDW Corporation, Ceridian Corporation, eFunds Corp., Solectron Corporation), a lack of data availability (Merrill Corporation), or a determination by the Company that the former peer's size and/or business was sufficiently different from that of the Company (Automatic Data Processing, Inc., DST Systems Inc., Flextronics International Ltd., R.R Donnelley & Sons Company) so that it was no longer considered a peer for compensation comparison purposes. In addition, we added ATC Technology Corporation, Brightpoint, Inc., Forward Air Corporation and Hub Group, Inc. as we believed these companies to have similarities to our business and reflected the market in which we compete for executive talent. Following the process of determining the FY10 Custom Peer Group, we concluded that FY10 Custom Peer Group data of a reliable sample size was only available for the Chief Executive Officer and Chief Financial Officer positions. Accordingly, only those two positions were compared with the FY10 Custom Peer Group.

[Table of Contents](#)

The second data source we considered in making fiscal 2011 compensation decisions was a broad-based general industry group that included the 154 companies with annual revenues below \$5 billion in Hewitt's Total Compensation Database. Since inclusion in this second group was based solely on the stated criteria and participation in Hewitt's database, the Compensation Committee is not aware of the names of the specific companies included. With respect to this second source, data was regressed to reflect our revenue level, in order to draw what the Compensation Committee believes to be appropriate comparisons to our executives' compensation. We used this general industry group data as a comparison for all of our named executive officers, including the President and Chief Executive Officer and Chief Financial Officer.

Relative to the FY10 Custom Peer Group, we found that fiscal 2011 target total compensation for our President and Chief Executive Officer and our Chief Financial Officer was at the market median (i.e., within 10% of the median). We also found that in the aggregate and relative to the general industry group, our total target compensation for the named executive officers fell between the median and 75th percentile, which we attribute in part to the increase in equity award value to offset in part the reduction in performance-based annual cash bonus plan targets for fiscal 2011.

Tally Sheets

The Compensation Committee periodically reviews all components of compensation for our President and Chief Executive Officer and the other named executive officers, including salary, bonus, current value of all stock options and restricted shares outstanding, the dollar value and cost to us of all perquisites and benefits and the actual projected payout obligations under potential termination, severance and change-in-control scenarios. Tally sheets detailing the above components and scenarios with their respective dollar amounts are prepared by management for each of our named executive officers and other executives and reviewed by the Compensation Committee at least annually. The Compensation Committee believes, based on this review, that the compensation of the named executive officers is reasonable. In addition, the Compensation Committee believes that the differences between the compensation of our President and Chief Executive Officer and that of the other named executive officers is appropriate based on similar differences found in market data.

President and Chief Executive Officer Compensation Decisions

The Compensation Committee coordinates the annual performance evaluation of our President and Chief Executive Officer with the independent members of our Board. The evaluation is based on objective criteria, including the performance of the business, accomplishment of reported goals and strategic objectives and the development of management. There is no formula applied or weighting of these factors and the Compensation Committee considers the President and Chief Executive Officer's performance in its totality. The evaluation is used by the Compensation Committee in determining our President and Chief Executive Officer's cash compensation (base salary and bonus), which is also reviewed with the independent members of the Board prior to final approval by the Compensation Committee. The equity components of Mr. Lawler's compensation in fiscal 2011, stock options, restricted stock and participation level for performance-based restricted stock awards were determined after reviewing PM&P's analysis of Mr. Lawler's compensation.

Input from Management

Our President and Chief Executive Officer and our Senior Vice President, Human Resources provide information and recommendations regarding our executive compensation program to our Compensation Committee, as is described in the "Human Resources and Compensation Committee" section above. Prior to the hiring of our current Senior Vice President, Human Resources in May 2011, and in particular for the fiscal year 2011 compensation matters discussed in this Amendment, our Executive Vice President and General Counsel was responsible for human resources matters and performed these duties.

Related Policies and Considerations

Employment, Termination of Employment and Change-In-Control Agreements

Each of our executive officers is an employee-at-will, meaning that his employment may be terminated at any time and for any reason. We have entered into severance benefit agreements with each of our named executive officers, which are described under the heading “Potential Payments Upon Termination or Change-in-Control”. During fiscal 2007, the Compensation Committee retained Hewitt to conduct a review of our severance benefits, including change-in-control protections. Based on that review, we standardized the severance benefits of the named executive officers, with certain exceptions for pre-existing arrangements. In addition, based on that review, we believe that the severance benefits we offer to our executives are competitive with similarly situated individuals and companies. With respect to termination of employment absent a change-in-control, we believe that the benefits we offer are in line with the markets in which we compete, and we offer these benefits to attract and retain our executives. Regarding change-in-control benefits, we have structured these benefits as a “double trigger” meaning that the benefits are only paid in the event of, first, a change- in-control transaction, and second, the loss of employment within one year after the transaction. We decided to offer these benefits in order to provide an incentive for our executives to remain in our employ in the event of such a transaction.

Stock Ownership Guidelines

The Compensation Committee believes that it is appropriate for the executive officers to hold equity in the Company. Under our stock ownership guidelines, the Chief Executive Officer’s ownership requirement is set at three times his annual salary and other executive officers’ ownership requirement is set at two times their respective annual salaries. All individuals will have five years from the later of the adoption of the guidelines or his or her first appointment as an executive officer to reach these ownership levels. In computing the amounts owned, the Company will consider the value of shares owned outright, unvested restricted stock held by the individual, and in-the-money vested options. Compliance is measured at the end of each calendar year.

Tax and Accounting Implications

Under Section 162(m) of the Internal Revenue Code, certain executive compensation in excess of \$1 million paid to certain officers of a public company is not deductible for federal income tax purposes unless the executive compensation is awarded under a performance-based plan approved by stockholders. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Compensation Committee has not adopted a policy that all compensation must be deductible. The Compensation Committee intends, to the extent practicable, to preserve deductibility under the Internal Revenue Code of compensation paid to our executive officers while maintaining compensation programs that support attraction and retention of key executives.

Stock options awarded to executive officers under our stock option plans, which were approved by stockholders, and shares of restricted stock awarded under our performance-based restricted stock program are performance-based and are potentially deductible for us. Restricted stock awards that are not performance-based do not qualify for the performance-based exception to Section 162(m) of the Internal Revenue Code, but the Compensation Committee believes that the retention benefit derived outweighs any tax benefit that might otherwise be obtained.

The compensation that we pay to the named executive officers is expensed in our financial statements as required by U.S. generally accepted accounting principles. As one of many factors, the Compensation Committee considers the financial statement impact in determining the amount of, and allocation among the elements of, compensation. We account for stock-based compensation in accordance with the requirements of the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC 718”) (formerly Statement of Financial Accounting Standards No. 123(R), “Share-Based Payment”).

Compensation Committee Report

The Human Resources and Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on this review and discussion, recommended to the Board that the Compensation Discussion and Analysis be included in this Amendment.

SUMMARY COMPENSATION TABLE

The following table sets forth certain information concerning fiscal 2011, fiscal 2010 and fiscal 2009 compensation of our President and Chief Executive Officer, our Chief Financial Officer and the three other most highly compensated executive officers of the Company at the end of fiscal 2011. Collectively, we refer to all of these individuals as the “named executive officers.”

In accordance with new SEC disclosure requirements, the amounts in the “Stock Awards” and “Option Awards” columns reflect the grant date fair values of awards made in each such year. The amounts in such columns and the “Total” column for fiscal 2009 have been recalculated to conform to the current requirements and will not match the disclosure in proxy statements for prior years, which disclosed the value of the stock awards based on accounting expense recognized by the Company during the applicable fiscal year.

- (1) The amounts shown in the “Stock Awards” and “Option Awards” columns represent the aggregate grant date fair value of awards computed in accordance with ASC 718, not the actual amounts paid to or realized by the named executive officers during fiscal 2011, fiscal 2010 and fiscal 2009. ASC 718 fair value amount as of the grant date for stock awards and stock options generally is spread over the number of months of service required for the grant to vest. An explanation of the vesting of restricted stock awards and options awards, as well as the methodology for performance-based restricted stock payouts, is discussed in the footnotes to the “Grants of Plan-Based Awards for Fiscal 2011” and “Outstanding Equity Awards at 2011 Fiscal Year End” tables below.
- (2) Reflects the aggregate grant date fair value of awards computed in accordance with ASC 718 for restricted stock and performance-based restricted stock awards granted to the named executive officers. The fair value of these awards is based on the closing price of our Common Stock on the date of grant and, for performance-based restricted stock awards, is calculated at the target share payout as of the grant date (September 22, 2010, September 23, 2009 and September 24, 2008). The maximum grant date potential values for the 2011 performance-based restricted stock awards for Messrs. Lawler, Crane, McLennan, Gray and Riley were \$357,000, \$71,400, \$114,240, \$71,400 and \$71,400, respectively; however, the performance objectives for fiscal 2011 were not achieved and no performance-based restricted shares were issued.
- (3) The fair value of each stock option award is estimated as of the date of grant using a binomial valuation model. Additional information regarding the assumptions used to estimate the fair value of all stock options awards is included in Note 13 to Consolidated Financial Statements contained in the Original Filing.

- * Equity awards to the named executive officers during fiscal 2011 were made pursuant to the 2000 Stock Incentive Plan (for restricted stock awards) and 2004 Stock Incentive Plan (for stock option awards).
- (1) Non-equity awards were to be made pursuant to the 2011 MIP. In September 2010, the Compensation Committee established the performance objectives for fiscal 2011, as well as the threshold, target and maximum payment levels. The threshold amount is 25% of target and maximum is 200% of target. The performance objectives were not achieved and no awards were made pursuant to the 2011 MIP. See "Compensation Discussion and Analysis" for a discussion of the 2011 MIP.
 - (2) The amounts shown reflect number of potential shares of performance-based restricted stock to be issued subject to satisfaction of performance conditions. Threshold achievement payout is 25% of target and maximum achievement payout is 200% of target. Performance below a threshold level results in no payout. The performance objectives set for fiscal 2011 performance were not achieved and no performance-based restricted shares were issued. See "Compensation Discussion and Analysis" for a discussion of the plan.
 - (3) The restricted stock awards vest 33 1/3% on each of the first three anniversaries of the date of grant, provided that the recipient remains employed by the Company or one of its subsidiaries on each such date. The vesting of these restricted stock awards is accelerated under certain circumstances. See "Potential Payments Upon Termination or Change-in-Control" below.
 - (4) Stock option awards vest as to 25% on the first anniversary of the date of grant and as to 1/48th of the shares on each monthly anniversary thereafter, provided that the recipient remains employed by the Company or one of its subsidiaries on each such date. The vesting and exercisability of the options is accelerated under certain circumstances. See "Potential Payments Upon Termination or Change-in-Control" below.
 - (5) The grant date fair value of "All Other Stock Awards" is computed based on a value per share of \$6.37 on October 1, 2010 for all recipients. The grant date fair value of "All Other Option Awards" is computed based on a value per share of \$2.94 on October 1, 2010 for all recipients. The grant date fair value of the performance-based shares of restricted stock is computed based on a value per share of \$7.14 on September 22, 2010 and reflects the target number of shares. All per share amounts are computed in accordance with ASC 718.
 - (6) The Compensation Committee approved the bonus target percentages for the named executive officers on September 22, 2010. The Compensation Committee approved the terms of the 2011 MIP on October 31, 2010.

Employment Arrangements of Named Executive Officers

We do not have agreements with any of the named executive officers which guarantee employment for a set term, and accordingly, all of the named executive officers are employees at will. We have entered into certain severance agreements with our named executive officers, as discussed in "Potential Payments Upon Termination or Change-in-Control."

Joseph C. Lawler

On August 23, 2004, Joseph C. Lawler was appointed President and Chief Executive Officer of the Company. In August 2006 Mr. Lawler was named Chairman of the Company and served as Chairman until November 2011. In connection with his employment, Mr. Lawler and the Company entered into an employment offer letter which set forth his initial compensation terms and his equity grants.

Other Named Executive Officers

We entered into employment offer letters with each of our other named executive officers when they commenced their employment. These letters generally set forth initial base salary, target bonus and other compensatory matters, such as initial equity grants.

Potential Payments Upon Termination or Change-in-Control

We have entered into agreements with each of our named executive officers, which agreements provide for benefits in the event of termination of employment. These benefits vary based on whether the termination occurs before or within one year following a change in control of the Company.

Joseph C. Lawler

Mr. Lawler's Executive Severance Agreement, dated August 23, 2004 (as amended to date, the "Agreement"), which was entered into at the time he commenced employment, provides in the event that his employment is terminated by the Company for a reason other than for Cause (as defined below) or by Mr. Lawler for Good Reason (as defined below), then the Company shall pay Mr. Lawler a one-time severance payment equal to 12 months of his then-current annual base salary plus his target bonus as in effect on his last day of employment. In addition, 50% of the portion of each of Mr. Lawler's stock options and restricted stock awards made pursuant to his employment offer letter which would otherwise become vested on or before the first anniversary of the date his employment is terminated shall be immediately vested, such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In such case, the Company will also reimburse Mr. Lawler for the cost of COBRA for medical, dental and vision benefits for 12 months. In addition, the Agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause or by Mr. Lawler for Good Reason within 12 months following a Change of Control (as defined below), then the Company shall pay Mr. Lawler a one-time severance payment equal to 24 months of his then-current annual base salary plus two times his target bonus as in effect on his last day of employment. In addition, all of Mr. Lawler's stock options and restricted stock awards which are not then vested shall immediately vest as of the date of termination, and such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In such case, the Company will also reimburse Mr. Lawler for the cost of COBRA for medical, dental and vision benefits for 18 months. The Agreement also provides that if Mr. Lawler's employment is terminated without Cause or for Good Reason, either before or after a Change of Control, he shall be entitled to a pro rata share of his earned target bonus, determined in accordance with the terms and provisions of the applicable bonus plan. The Agreement is intended to comply with Section 409A ("Section 409A") of the Internal Revenue Code of 1986, as amended (the "Code"). In the event that any amounts payable to Mr. Lawler under the Agreement are characterized as "excess parachute payments" under Section 280G of the Internal Revenue Code, then Mr. Lawler may elect to reduce the severance payments or have a portion of the stock options or restricted stock not vest.

Table of Contents

For the purposes of Mr. Lawler's Agreement, terms are defined as follows:

"Cause" is defined as a good faith finding by a majority of the members of the Board of the Company (excluding Mr. Lawler), after giving Mr. Lawler an opportunity to be heard, of (i) gross negligence or willful misconduct by Mr. Lawler in connection with his employment duties, (ii) willful repeated and continued failure by Mr. Lawler (other than due to disability) to perform his duties or responsibilities required pursuant to his employment, after written notice and an opportunity to cure, (iii) mis-appropriation by Mr. Lawler of the assets or business opportunities of the Company, or its affiliates, having a material economic effect on the Company, (iv) embezzlement or other financial or other fraud committed by Mr. Lawler, (v) Mr. Lawler knowingly allowing any third party to commit any of the acts described in any of the preceding clauses (iii) or (iv), or (vi) Mr. Lawler's conviction of, or entry of a plea of no contest with respect to, any felony or any crime involving moral turpitude. For the purposes of this Agreement, Mr. Lawler's acts or omissions shall not be "willful" if conducted in good faith and with a reasonable belief that such conduct was in the best interests of the Company.

"Good Reason" is defined as: (i) the unilateral relocation by the Company of Mr. Lawler's principal work place for the Company to a site more than 60 miles from Waltham, Massachusetts, (ii) a reduction in Mr. Lawler's (A) then-current base salary without his consent, or (B) target bonus or a material reduction in benefits without Mr. Lawler's consent, or unless other executive officers are similarly treated, (iii) material diminution of Mr. Lawler's duties, authority or position as Chief Executive Officer of the Company, without his consent, (iv) any amendment to the officer indemnification provisions contained in Article Ninth of the Company's certificate of incorporation that materially reduces the indemnification benefits to Mr. Lawler, (v) the failure of the Company to assign and of any successor to assume the obligations of the Company under the Agreement or Mr. Lawler's offer letter, or (vi) the death or permanent and total disability (as defined in Section 22(e)(3) of the Code) of Mr. Lawler. Notwithstanding, Mr. Lawler shall not have "Good Reason" to voluntarily terminate his employment unless and until: (x) he provides notice to the Company of the event or condition constituting Good Reason not later than ninety (90) days after the occurrence thereof and (y) thirty (30) days shall have elapsed following such notice during which the Company has not remedied such event or condition.

"Change of Control" is defined as the first to occur of any of the following: (a) any person or group becomes the beneficial owner of a majority of the combined voting power of the then outstanding voting securities with respect to the election of the Board of the Company; (b) any merger, consolidation or similar transaction involving the Company, other than a transaction in which the stockholders of the Company immediately prior to the transaction hold immediately thereafter in the same proportion as immediately prior to the transaction not less than 50% of the combined voting power of the then voting securities with respect to the election of the Board of the resulting entity; or (c) any sale of all or substantially all of the assets of the Company.

Steven G. Crane, William R. McLennan and David J. Riley

Messrs. Crane, McLennan and Riley are parties to agreements entered into with each of them in July 2007 (as amended, the "Executive Severance Agreements"), which provide that in the event such individual's employment is terminated by the Company, in the case of Messrs. Crane and Riley, or ModusLink Corporation, in the case of Mr. McLennan, without Cause (as defined below), then the executive officer will receive 12 months of continued base salary. In the event the executive officer's employment is terminated by the Company without Cause (as defined below) or by the executive officer for Good Reason (as defined below) within one year after a Change of Control (as defined below) of the Company, then (i) the executive officer will receive (x) 12 months of continued base salary, and (y) his target bonus (each payable in 12 monthly installments) and (ii) all of the executive officer's stock options which are then outstanding shall be immediately vested and shall remain exercisable for a period of 6 months following the executive officer's last day of employment (but not to exceed the original term of such awards) and all of the executive officer's restricted stock shall be immediately vested and free of restrictions. The Executive Severance Agreements are intended to comply with Section 409A of the

Table of Contents

Code. Also, under certain circumstances, in the event that any amounts payable to an executive officer under an Executive Severance Agreement would qualify as “excess parachute payments” under Section 280G of the Code, then we may not be obligated to pay to the executive officer that portion of the consideration that is payable as a result of the Change of Control as is necessary to eliminate any “excess parachute payments.”

For purposes of the Executive Severance Agreements, terms are defined as follows:

“Cause” is defined as a good faith finding by the Board of the Company after giving the executive an opportunity to be heard, of: (i) gross negligence or willful misconduct by the executive in connection with his employment duties, (ii) failure by the executive to perform his duties or responsibilities required pursuant to his employment, after written notice and an opportunity to cure, (iii) mis-appropriation by the executive for his personal use of the assets or business opportunities of the Company, or its affiliates, (iv) embezzlement or other financial fraud committed by the executive, (v) the executive knowingly allowing any third party to commit any of the acts described in any of the preceding clauses (iii) or (iv), or (vi) the executive’s indictment for, conviction of, or entry of a plea of no contest with respect to, any felony.

“Good Reason” is defined as: (i) the unilateral relocation by the Company of the executive’s principal work place for the Company to a site more than 60 miles from the executive’s principal office, (ii) a material reduction in the executive’s then-current salary without the executive’s consent or (iii) material diminution of the executive’s duties, authority or responsibilities, without the executive’s consent. In order to establish “Good Reason” for a termination, the executive must provide notice to the Company of the existence of the condition giving rise to “Good Reason” within 90 days following the initial existence of the condition, and the Company has 30 days following receipt of such notice to remedy such condition.

“Change of Control” is defined as the first to occur of any of the following:

(A) the acquisition by an individual, entity or group (a “Person”) of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns 50% or more of either (x) the then-outstanding shares of common stock of the Company (the “Outstanding Company Common Stock”) or (y) the combined voting power of the then-outstanding securities of the Company entitled to vote generally in the election of directors (the “Outstanding Company Voting Securities”); provided, however, that for purposes of this subsection (A), any acquisition directly from the Company shall not constitute a Change in Control; or

(B) such time as the Continuing Directors (as defined below) do not constitute a majority of the Board of the Company (or, if applicable, the Board of a successor corporation to the Company), where the term “Continuing Director” means at any date a member of the Board (x) who was a member of the Board on the date of the Executive Severance Agreement or (y) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (y) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or

(C) the consummation of a merger, consolidation, reorganization, recapitalization or share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a “Business Combination”), unless, immediately following such Business Combination, each of the following two conditions is satisfied: (x) all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of common stock and the combined voting power of the then-outstanding securities entitled to vote generally in the election of directors, respectively, of the resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such

transaction owns the Company or substantially all of the Company's assets either directly or through one or more subsidiaries) (such resulting or acquiring corporation is referred to herein as the "Acquiring Corporation") in substantially the same proportions as their ownership of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively, immediately prior to such Business Combination and (y) no Person (excluding any employee benefit plan (or related trust) maintained or sponsored by the Company or by the Acquiring Corporation) beneficially owns, directly or indirectly, 40% or more of the then-outstanding shares of common stock of the Acquiring Corporation, or of the combined voting power of the then-outstanding securities of such corporation entitled to vote generally in the election of directors (except to the extent that such ownership existed prior to the Business Combination); or

(D) the liquidation or dissolution of the Company.

Peter L. Gray

The Company also entered into an agreement with Mr. Gray in August 2002. As amended to date, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause, then the Company shall pay Mr. Gray as severance pay his regular base salary, as in effect on his last day of employment, for one year following the termination date, payable in installments in accordance with the Company's regular payroll practices, plus the bonus amount he would have been entitled to receive under the Company's bonus plan then in effect for the fiscal year in which the termination occurred, determined in accordance with the applicable bonus plan (the "Bonus"), multiplied by a fraction, the numerator of which shall be the number of months that Mr. Gray was employed by the Company during the fiscal year in which his termination occurs and the denominator of which shall be twelve. In addition, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause or by Mr. Gray for Good Reason within one year following a Change of Control of the Company, then the Company shall pay Mr. Gray (i) a one-time severance payment equal to two times his then-current base salary and (ii) his Bonus multiplied by a fraction, the numerator of which shall be the number of months that Mr. Gray was employed by the Company during the fiscal year in which his termination occurs and the denominator of which shall be twelve. In the event Mr. Gray's employment is terminated without Cause within one year following a Change of Control, all of his stock options which are then outstanding shall be immediately vested and shall remain exercisable for a period of 6 months following his last day of employment (but not to exceed the original term of such awards), and all of his restricted stock shall be immediately vested and free of restrictions. This agreement is intended to comply with Section 409A of the Code. Also, under certain circumstances, in the event that any amounts payable to Mr. Gray under this agreement would qualify as "excess parachute payments" under Section 280G of the Code, then we may not be obligated to pay to Mr. Gray that portion of the consideration that is payable as a result of the Change of Control as is necessary to eliminate any "excess parachute payments." For purposes of Mr. Gray's agreement, the definition of "Cause" is substantially similar to the definition of "Cause" in the Executive Severance Agreements, as set forth above, and the definitions of "Good Reason" and "Change of Control" are identical to those used in the Executive Severance Agreements.

The table below shows the estimated incremental value transfer to each named executive officer under various scenarios relating to a termination of employment. The table below assumes that such termination occurred on July 31, 2011. The actual amounts that would be paid to any named executive officer can only be determined at the time of an actual termination of employment and would vary from those listed below.

Members of the Board receive a combination of cash compensation and equity in the form of restricted stock awards, provided they are eligible under the applicable plan. In addition, all of the Directors of the Company receive reimbursement of expenses incurred with respect to attendance at meetings of the Board and meetings of committees thereof, which is not included in the above table.

The Board has adopted a Director Compensation Plan which governs cash compensation to Directors and under which all Directors are eligible to participate, other than any Director who (i) is an employee of the Company or any of its subsidiaries or affiliates or (ii) unless otherwise determined by the Board, is an affiliate, employee or designee of an institutional or corporate investor in the Company (an "Affiliated Director"). On December 8, 2010, the Board, upon recommendation of the Compensation Committee, amended the Director Compensation Plan. Pursuant to the Director Compensation Plan, each participating Director who is serving as a Director on the last day of any fiscal quarter shall receive a payment for such quarter of \$12,500. Each participating Director who is serving as the chairperson of a committee of the Board on the last day of any fiscal quarter shall receive a payment of \$1,250; provided, however, that the chairperson of the Audit Committee on the last day of any fiscal quarter shall receive a payment of \$2,500. In addition, any Director serving as presiding director on the last day of any fiscal quarter shall receive a payment of \$5,000 (prior to December 8, 2010, any Director serving as presiding director on the last day of any fiscal quarter received a payment of \$2,500). Each participating Director who attends a telephonic meeting of the Board or a committee thereof shall receive a meeting fee of \$500. Each participating Director who attends a meeting of the Board or a committee thereof, where a majority of the Directors attend such meeting in person, shall receive a meeting fee of \$1,000.

In addition, pursuant to the amended Director Compensation Plan adopted on December 8, 2010, each Director, other than an Affiliated Director, will receive a restricted stock award for shares of Common Stock with a fair market value equal to \$80,000 on the first business day of the calendar year following the annual meeting of stockholders provided that such Director was both serving as Director immediately prior to and immediately following such annual meeting, and had served on the Board for at least six months (unless otherwise determined by the Board). Such awards are subject to a restriction on transfer which lapses on the first anniversary of the date of grant.

Prior to December 8, 2010, each Director, other than an Affiliated Director, received a restricted stock award for 2,500 shares of Common Stock on the first business day of the calendar year following the annual meeting of stockholders provided that such Director was both serving as Director immediately prior to and immediately following such annual meeting, and had served on the Board for at least six months (unless otherwise determined by the Board). Such awards were subject to a restriction on transfer which lapsed on the first anniversary of the date of grant.

Previously, the members of the Board were granted stock options under the 2005 Non-Employee Director Plan (the "2005 Plan"). Per the terms of the 2005 Plan, all Directors, other than an Affiliated Director (as defined above), were automatically granted an option to acquire 20,000 shares of Common Stock (the "Initial Option") upon election to the Board. Each Initial Option vested and became exercisable as to 1/36th of the number of shares of Common Stock originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a Director on such monthly anniversary date. The 2005 Plan also provided that on the date of each annual meeting of stockholders of the Company, each eligible Director who was both serving as Director immediately prior to and immediately following such annual meeting, and who had served on the Board for at least six months, would automatically be granted an option to purchase 2,400 shares of Common Stock (an "Annual Option"). Each Annual Option vested and became exercisable as to 1/36th of the number of shares originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee served as a Director on such monthly anniversary date. The option exercise price per share for each option granted under the 2005 Plan shall equal the closing price of the Common Stock on the date of grant.

[Table of Contents](#)

Except as otherwise provided in the applicable option agreement, each option granted under the 2005 Plan terminates, and may no longer be exercised, on the date that is ten years after the date of grant of such option. On September 23, 2009 and December 8, 2010, respectively, the Board, upon recommendation of the Compensation Committee, amended the 2005 Plan to eliminate the Annual Option and the Initial Option, in light of the transition to its practice of awarding restricted stock as the means of equity compensation to the members of the Board.

Prior to the adoption of the 2005 Plan, all Directors of the Company were eligible to receive non-statutory stock options to purchase shares of Common Stock under the Company's 1999 Stock Option Plan for Non-Employee Directors, as amended (the "1999 Plan"). Since the adoption of the 2005 Plan, no further options have been or will be granted under the 1999 Plan. Under the 1999 Plan each eligible Director who was elected to the Board for the first time was granted an option to acquire 20,000 shares of Common Stock (the "1999 Initial Option"). Each Affiliated Director who ceased to be an Affiliated Director was granted, on the date such Director ceased to be an Affiliated Director but remained as a member of the Board, a 1999 Initial Option to acquire 20,000 shares of Common Stock under the 1999 Plan. Each 1999 Initial Option granted under the 1999 Plan and held by a current Director is fully vested and exercisable. On each anniversary of the grant of the 1999 Initial Option, each eligible Director was automatically granted an option to purchase 2,400 shares of Common Stock (a "1999 Annual Option"), provided that such eligible Director served as a Director on the applicable anniversary date. Each 1999 Annual Option granted under the 1999 Plan and held by a current Director is fully vested and exercisable.

The option exercise price per share for each option granted under the 1999 Plan equals the closing price of the Common Stock on the date of grant. Except as otherwise provided in the applicable option agreement, each option granted under the 1999 Plan shall terminate, and may no longer be exercised, on the date that is ten years after the date of grant of such option.

Each of the Directors has also entered into an Indemnification Agreement with the Company providing that the Company shall indemnify the Director to the fullest extent authorized or permitted by applicable law in the event that the Director is involved in any threatened, pending or completed action, suit or proceeding, or any inquiry or investigation, whether brought by or in the right of the Company or by any other party and whether of a civil, criminal, administrative or investigative nature, by reason of the fact that the Director is or was a Director of the Company, or is or was serving at the request of the Company as a Director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against all expenses, judgments, fines and penalties, provided that the Director shall not have been finally adjudged to have engaged in willful misconduct or to have acted in a manner which was knowingly fraudulent or deliberately dishonest, or had reasonable cause to believe that his or her conduct was unlawful.

ITEM 13.— CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE**Certain Relationships and Related Transactions**

The Audit Committee of our Board has adopted a written policy and procedures for the review and approval of related-party transactions. A “related-party transaction” is a transaction that meets the minimum threshold for disclosure under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000 in which a “related person” or entity has a direct or indirect material interest). “Related persons” include the Company’s executive officers, directors, nominees for directors, 5% or more beneficial owners of our common stock, immediate family members of these persons and entities in which one of these persons has a direct or indirect material interest. When a potential related-party transaction is identified, management presents it to the Audit Committee to determine whether to approve or ratify it.

The Audit Committee reviews the material facts of any related-party transaction and either approves or disapproves of the entry into the transaction. In the course of reviewing the related-party transaction, the Audit Committee considers whether (i) the transaction is fair and reasonable to the Company, (ii) under all of the circumstances the transaction is in, or not inconsistent with, the Company’s best interests, and (iii) the transaction will be on terms no less favorable to the Company than could have been obtained in an arms’ length transaction with an unrelated third party. If advance approval of a related-party transaction is not feasible, then the transaction will be considered and, if the Audit Committee determines it to be appropriate, ratified by the Audit Committee. No director may participate in the approval of a transaction for which he or she is a related party.

When a related-party transaction is ongoing, any amendments or changes are reviewed and the transaction is reviewed annually for reasonableness and fairness to the Company.

In fiscal 2011, there were no related-party transactions involving the Company and a related person.

Independence of Members of the Board

The Board has determined that each of Virginia G. Breen, Jeffrey J. Fenton, Thomas H. Johnson, Francis J. Jules, Edward E. Lucente, Michael J. Mardy and Joseph M. O’Donnell, constituting a majority of the Directors of the Company, satisfies the criteria for being an “independent director” under the standards of Nasdaq and has no material relationship with the Company other than by virtue of service on the Board. In determining that Mr. Johnson satisfies the criteria for being an “independent director”, the Board reviewed and considered the Company’s business relationship with The Taffrail Group, LLC, of which Mr. Johnson is the chief executive officer.
