PROXY STATEMENT
For the Annual Meeting of Stockholders
To Be Held December 7, 2005

General

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of CMGI, Inc., a Delaware corporation (the "Company"), for use at the Company's 2005 Annual Meeting of Stockholders (the "2005 Meeting"), which will be held at the State Room, 60 State Street, Boston, Massachusetts 02109, on Wednesday, December 7, 2005, at 9:00 a.m. local time, and at any adjournments thereof. The Notice of Annual Meeting, this Proxy Statement, the accompanying proxy card and the Company's Annual Report to Stockholders for the fiscal year ended July 31, 2005 are being mailed to stockholders on or about November [], 2005. The Company's principal executive offices are located at 1100 Winter Street, Waltham, Massachusetts 02451 and its telephone number is (781) 663-5001.

Solicitation

The cost of soliciting proxies, including expenses in connection with preparing, printing and mailing this Proxy Statement, will be borne by the Company. Copies of solicitation materials will be furnished to brokerage houses, nominees, fiduciaries and custodians to forward to beneficial owners of the Company's Common Stock, \$.01 par value per share (the "Common Stock"), held in their names. In addition, the Company will reimburse brokerage firms and other persons representing beneficial owners of stock for their reasonable expenses in forwarding solicitation materials to such beneficial owners. In addition to the solicitation of proxies by mail, the Company's directors, officers and other employees may, without additional compensation, solicit proxies by telephone, facsimile, electronic communication and personal interviews.

Record Date, Outstanding Shares and Voting Rights

The Board of Directors has fixed Friday, October 21, 2005 as the record date for determining holders of Common Stock who are entitled to vote at the 2005 Meeting. As of October 21, 2005, the Company had approximately 485,099,686 shares of Common Stock outstanding and entitled to be voted. Each share of Common Stock entitles the record holder to one vote on each matter to be voted upon at the 2005 Meeting. A majority of the shares of Common Stock issued and outstanding and entitled to vote at the 2005 Meeting will constitute a quorum at the 2005 Meeting. Votes withheld, abstentions and broker non-votes shall be counted for purposes of determining the presence or absence of a quorum for the transaction of business at the 2005 Meeting.

The affirmative vote of the holders of a plurality of the votes cast at the 2005 Meeting is required for the election of directors (Proposal No. 1). The affirmative vote of the holders of a majority of the shares of the Company's Common Stock present or represented by proxy and voting on the matter is required to approve the Company's 2005 Non-Employee Director Plan (Proposal No. 2), and to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year (Proposal No. 7). The affirmative vote of the holders of a majority of the outstanding shares of the Company's Common Stock is required to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Company's Restated Certificate of Incorporation, as amended (the "Certificate of Incorporation"), to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-5, without further approval or authorization of the

Company's stockholders (Proposal No. 3), to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-10, without further approval or authorization of the Company's stockholders (Proposal No. 4), to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-15, without further approval or authorization of the Company's stockholders (Proposal No. 5), and to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-20, without further approval or authorization of the Company's stockholders (Proposal No. 6).

Shares which abstain from voting on a particular matter and shares held in "street name" by brokers or nominees who indicate on their proxies that they do not have discretionary authority to vote such shares as to a particular matter ("broker non-votes") will not be counted as votes in favor of such matter, and will also not be counted as votes cast or shares voting on such matter. Accordingly, abstentions and broker non-votes will have no effect on the voting for the election of directors, which requires the affirmative vote of a plurality of the votes cast or shares voting on the matter. Similarly, abstentions and broker non-votes will have no effect on the voting to approve the Company's 2005 Non-Employee Director Plan or the voting to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year, each of which requires the affirmative vote of a majority of the votes cast or shares voting on the matter. Abstentions and broker non-votes, however, will have the same effect as a vote against each of the four reverse stock split proposals because approval of each of these proposals requires the affirmative vote of a majority of all outstanding shares of the Company's Common Stock.

To vote by mail, sign, date and complete the enclosed proxy card and return it in the enclosed envelope. No postage is necessary if the proxy card is mailed in the United States. If you hold your shares through a bank, broker or other nominee, they will give you separate instructions for voting your shares.

Revocability of Proxy and Voting of Shares

Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. The proxy may be revoked by filing with the Secretary of the Company, at the principal executive offices of the Company, 1100 Winter Street, Waltham, Massachusetts 02451, an instrument of revocation or a duly executed proxy bearing a later date. The proxy may also be revoked by attending the 2005 Meeting and voting in person. If not revoked, the proxy will be voted at the 2005 Meeting in accordance with the stockholder's instructions indicated on the proxy card. If no instructions are indicated, the proxy will be voted:

- **FOR** the election of the Class III Director nominee named herein;
- **FOR** the approval of the Company's 2005 Non-Employee Director Plan;
- **FOR** the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-5, without further approval or authorization of the Company's stockholders;
- **FOR** the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-10, without further approval or authorization of the Company's stockholders;
- **FOR** the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate

of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-15, without further approval or authorization of the Company's stockholders;

- **FOR** the approval of the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to amend the Certificate of Incorporation to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-20, without further approval or authorization of the Company's stockholders;
- **FOR** the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the current fiscal year; and
- In accordance with the judgment of the proxy holders as to any other matter that may be properly brought before the 2005 Meeting or any adjournments thereof.

PROPOSAL I
ELECTION OF DIRECTORS

The current Board of Directors has six members and is divided into three classes. A class of directors is elected each year for a three-year term. The current term of the Company's Class III Director will expire at the 2005 Meeting. The nominee for Class III Director is David S. Wetherell, who currently serves as a Class III Director and is available for re-election. The Class III Director elected at the 2005 Meeting will each serve for a term of three years that will expire at the Company's 2008 Annual Meeting of Stockholders and until his or her successor is elected and qualified. The persons named as proxies will vote for Mr. Wetherell for election to the Board as a Class III Director unless the proxy card is marked otherwise.

Mr. Wetherell has indicated his willingness to serve, if elected; however, if he should be unable to serve, the persons named as proxies may vote the proxy for a substitute nominee. The Board has no reason to believe that any nominee will be unable to serve if elected.

There is currently a vacancy among the Class III directors as a result of the resignation of Jonathan A. Kraft on August 26, 2005. The Company is in the process of identifying a suitable independent director to fill the vacancy and has retained a third-party search firm to assist it in doing so. The Nominating and Corporate Governance Committee, at the request of the Board of Directors, periodically reviews and makes recommendations to the Board of Directors relating to management succession planning, including policies and principles for chief executive officer selection and performance review, as well as policies regarding succession in the event of an emergency or the retirement of the chief executive officer. The Nominating and Corporate Governance Committee presents an annual report to the Board of Directors on succession planning. The Board of Directors has adopted a written charter for the Nominating and Corporate Governance Committee, a copy of which can be found under the "Investor Center" section of the Company's website at www.cmgi.com.

In recommending candidates for election to the Board of Directors, the Nominating and Governance Committee considers nominees recommended by directors, officers, employees, stockholders and others, using the same criteria to evaluate all candidates. The Nominating and Governance Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board of Directors. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Nominating and Governance Committee would recommend the candidate for consideration by the full Board of Directors. The Nominating and Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees. The Board of

Directors requires that all nominees for the Board of Directors have a reputation for integrity, honesty and adherence to high ethical standards. In addition, nominees should also have demonstrated business acumen, experience and ability to exercise sound judgments in matters that relate to the current and long-term objectives of the Company and should be willing and able to contribute positively to the decision-making process of the Company. The Nominating and Corporate Governance Committee will consider nominees for the Board of Directors recommended by stockholders.

Stockholders wishing to propose director candidates for consideration by the Nominating and Corporate Governance Committee may do so by writing to the Secretary of the Company and providing information specified in the Company's By-Laws, including the candidate's name, biographical data and qualifications. The Company's By-Laws set forth further requirements for stockholders wishing to nominate director candidates for consideration by stockholders including, among other things, that a stockholder must give timely written notice of an intent to make such a nomination to the Secretary of the Company. See "Proposals of Stockholders for 2005 Annual Meeting." The Nominating and Corporate Governance Committee consists of Anthony J. Bay, Virginia G. Breen (Chair), Michael J. Mardy and Francis J. Jules, each of whom is independent as defined in applicable Nasdaq listing standards. The Nominating and Corporate Governance Committee met four times during fiscal 2005.

Technology Committee

The Board of Directors has a Technology Committee, which provides strategic guidance and oversight to the Company on use of technology in its core businesses and evaluates and approves investment proposals made by the Company's venture capital affiliates which invest funds on the Company's behalf. The Technology Committee consists of Anthony J. Bay (Chair), Virginia G. Breen, Francis J. Jules, David S. Wetherell and Joseph C. Lawler. The Technology Committee met three times during fiscal 2005.

Stockholder Communications with the Board of Directors

Stockholders may send written communications to the Board of Directors or any individual member to the following address: Board of Directors, c/o Secretary, CMGI, Inc., 1100 Winter Street, Waltham, MA 02451. PROPOSAL 2

APPROVAL OF THE 2005 NON-EMPLOYEE DIRECTOR PLAN

On October 25, 2005, the Board of Directors of the Company adopted, subject to stockholder approval, the 2005 Non-Employee Director Plan (the "2005 Plan"). Up to 2,000,000 shares of common stock (subject to adjustment in the event of stock splits and other similar events) may be issued pursuant to awards granted under the 2005 Plan.

The Board of Directors believes that the future success of the Company depends, in large part, upon the Company's ability to attract, retain and motivate persons who are expected to make important contributions to the Company as members of its Board of Directors. The 2005 Plan is intended to replace the Company's Amended and Restated 1999 Stock Option Plan for Non-Employee Directors, as amended (the "1999 Plan"). Upon the approval by the stockholders of the 2005 Plan, no further option grants shall be made under the 1999 Plan. However, all then-outstanding options under the 1999 Plan shall remain in effect. **The Board of Directors believes approval of the 2005 Plan is in the best interests of the Company and its stockholders and recommends a vote "FOR" the approval of the 2005 Plan.**

On October 21, 2005, the last reported sale price of the Company's common stock on the Nasdaq National Market was \$1.59.

Summary of the 2005 Plan

The following is a brief summary of the 2005 Plan. The following summary is qualified in its entirety by reference to the 2005 Plan, a copy of which is attached as Appendix V to the electronic copy of this Proxy Statement filed with the SEC and may be accessed from the SEC's home page (www.sec.gov). In addition, a copy of the 2005 Plan may be obtained from the Secretary of the Company.

Types of Awards

All directors of the Company are eligible to receive non-statutory stock options to purchase shares of Common Stock under the 2005 Plan, except for any director who (i) is an employee of the Company or any of its subsidiaries or affiliates; or (ii) unless otherwise determined by the Board of Directors, is an affiliate (as such term is defined in Rule 144(a)(1) promulgated under the Securities Act of 1933), employee, representative or designee of an institutional or corporate investor in the Company (each director who is not eligible to receive a stock option under the 2005 Plan, an "Affiliated Director"). As of October 21, 2005, the Company had four non-employee directors who were eligible to participate in the 2005 Plan.

The Board shall supervise and administer the plan. The Board may, to the full extent permitted by or consistent with applicable laws or regulations, delegate any or all of its powers under the plan to a committee appointed by the Board.

Each eligible director who is elected to the Board for the first time after this plan is adopted will automatically be granted an option to acquire 200,000 shares of Common Stock (the "Initial Option"). Each Affiliated Director who ceases to be an Affiliated Director and is not otherwise an employee of the Company or any of its subsidiaries or affiliates will be granted, on the date such director ceases to be an Affiliated Director but remains as a member of the Board of Directors, an Initial Option to acquire 200,000 shares of Common Stock under the plan. Each Initial Option will vest and become exercisable as to 1/36th of the number of shares of Common Stock originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a director on such monthly anniversary date.

On the date of each annual meeting of stockholders of the Company commencing with the 2005 Meeting, each eligible director who has served on the Board for at least six months will automatically be granted an option to purchase 24,000 shares of Common Stock (an "Annual Option"), provided that such eligible director serves as a director on the applicable anniversary date. Each Annual Option will vest and become exercisable on a monthly basis as to 1/36th of the number of shares originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a director on such monthly anniversary date.

The option exercise price per share for each option granted under the plan shall equal the closing price of the Common Stock on the Nasdaq National Market (or other exchange or system on which the Company's Common Stock trades or is quoted) on the date of grant. An option may be exercised by the payment of the exercise price (i) in cash or by check, (ii) through the exchange of shares of Common Stock already owned by the optionee having a fair market value equal to the exercise price, (iii) through a broker-assisted "cashless" exercise transaction or (iv) by any other payment means approved by the Board.

Except as otherwise provided in the applicable option agreement, each option granted under the plan shall terminate, and may no longer be exercised, on the date ten years after the date of grant of such option.

Except as otherwise provided in the applicable option agreement, all options granted under the plan shall not be transferable, other than (i) by will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order, (iii) to an immediate family member, as defined in the plan, or (iv) to a trust or other entity in which an immediate family member or optionee has a greater than 50% interest.

If the Company undertakes any merger, consolidation, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar transaction, appropriate and proportionate adjustments shall be made to (i) the securities reserved for issuance under the plan, (ii) the number and kind of securities subject to future grants under the plan and (iii) the number, kind and exercise price of the securities underlying options outstanding at the time of such occurrence.

Unless such action is approved by the Company's stockholders: (i) no outstanding option granted under the 2005 Plan may be amended to provide an exercise price per share that is lower than the then current exercise price per share for such outstanding option (other than adjustments in the event of stock splits and other similar events), and (ii) the Board may not cancel any outstanding stock option and grant in substitution therefor new options covering the same or a different number of shares of Common Stock and having an exercise price per share lower than the then current exercise price per share of the cancelled option.

All outstanding options granted under the plan shall immediately become exercisable in full upon a Change in Control, as defined in the plan.

The Board of Directors reserves the right to suspend or terminate the plan or amend it in any respect, provided that (i) no amendment that would require stockholder approval under the rules of the Nasdaq Stock Market or other applicable exchange or governing body may be effective unless and until such amendment shall have been approved by the Company's stockholders; and(ii) in no event shall the Plan be amended to (A) increase the number of shares authorized under the Plan; (B) expand the types of awards that may be granted under the Plan; (C) expand the class of participants eligible to participate in the Plan; or (D) delete or limit any provisions prohibiting repricing of options or Awards, unless stockholder approval is first obtained. In addition, the Board may, in its discretion, accelerate the vesting of any option or options granted under the plan.

If stockholders do not approve the adoption of the 2005 Plan, the 2005 Plan will not go into effect, and the Company will not grant any options under the 2005 Plan. In such event, the Board of Directors will consider whether to adopt alternative arrangements based on its assessment of the needs of the Company.

Federal Income Tax Consequences

All options granted under the plan will be non-statutory options not entitled to special tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended.

The following is a summary of the United States federal income tax consequences that generally will arise with respect to options granted under the 2005 Plan and with respect to the sale of Common Stock acquired under the 2005 Plan.

Tax Consequences to Participants. A participant will not recognize taxable income upon the grant of an option under the 2005 Plan. Nevertheless, a participant generally will recognize ordinary compensation income upon the exercise of the option in an amount equal to the excess of the fair market value of the Common Stock acquired through the exercise of the option (the "Option Stock") on the exercise date over the exercise price.

A participant will have a tax basis for any Option Stock equal to the exercise price plus any income recognized with respect to the option. Upon selling Option Stock, a participant generally will recognize capital gain or loss in an amount equal to the difference between the sale price of the Option Stock and the participant's tax basis in the Option Stock. This capital gain or loss will be a long-term capital gain or loss if the participant has held the Option Stock for more than one year prior to the date of the sale and will be a short-term capital gain or loss if the participant has held the Option Stock for a shorter period.

Tax Consequences to the Company. The grant of an option under the 2005 Plan will have no tax consequences to the Company. The Company generally will be entitled to a business-expense deduction, however, with respect to any ordinary compensation income recognized by a participant under the 2005 Plan.

The Board of Directors recommends that the stockholders vote FOR the adoption of the 2005 Plan.

PROPOSAL 3

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-5, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

The Company may consider effecting a reverse split of its issued and outstanding shares of Common Stock ("reverse stock split" or "reverse split") on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting if such action is deemed appropriate and in the best interests of the Company and its stockholders. Such action may be taken, among other reasons, in order to preserve the listing of the Company's Common Stock on the Nasdaq National Market, to meet listing requirements for other trading markets or exchanges, or for reasons related to capital markets generally, including attracting institutional investors. Given the time and expense associated with convening a special meeting of stockholders, which would be required to consider this issue at a later time, the Board of Directors has determined that it is most efficient and in the best interests of the Company's stockholders to seek approval and authorization of a reverse stock split at the 2005 Meeting.

At the Company's 2004 Annual Meeting of Stockholders (the "2004 Meeting"), the stockholders approved proposals authorizing the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's issued and outstanding shares of Common Stock by a ratio of 1-for-5, 1-for-10, 1-for-15 and 1-for-20, without further approval or authorization of the Company's stockholders. The Board has not determined to effect a reverse stock split pursuant to the authority conferred on it by the stockholders at the 2004 Meeting. Accordingly, as of December 7, 2005, the date of the 2005 Meeting, that authority will expire and be without any further effect.

The Company has determined once again to submit a series of proposals, none of which are conditioned on any other submitted proposal, that would grant authority to the Board of Directors to effect a reverse split, with

such authority to be exercised, if at all, in accordance with the parameters of such proposals, at any time prior to the Company's next annual meeting of stockholders following the 2005 Meeting. As with the proposals approved at the 2004 Annual Meeting, if some or all of such proposals are approved by the Company's stockholders at the 2005 Meeting or at an adjournment thereof, the Board of Directors would then have the discretion to implement a reverse stock split, within the parameters of the authority granted at the 2005 Meeting, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting, without seeking further approval or authorization of the Company's stockholders.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the "Amendment"), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting.

In Proposal No. 3, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-5 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2005 Meeting, all such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-5 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

The primary reason for implementing a reverse split would be to attempt to increase the per share market price of the Common Stock. In recent years, the closing bid price for the Company's Common Stock has remained below \$1.00 per share for extended periods. As a result, on November 1, 2002, the listing of the Company's Common Stock transferred from the Nasdaq National Market to the Nasdaq SmallCap Market. On June 26, 2003, following maintenance of the minimum closing bid price requirement for 30 consecutive days and compliance with all other continued listing requirements of the Nasdaq National Market, the listing of the

Company's Common Stock transferred back to the Nasdaq National Market. The Nasdaq National Market requires a minimum bid price per share of \$1.00 for continued listing. The Board of Directors anticipates that a reverse split, if implemented, would have the effect of increasing, proportionately, the per share trading price of the Company's Common Stock, which could result in a share price high enough to maintain compliance with the Nasdaq National Market minimum price requirement should the closing bid price for the Company's Common Stock drop below \$1.00 per share for extended periods. There can be no assurance, however, that the Company would be able to maintain the listing of the Company's Common Stock on the Nasdaq National Market or the Nasdaq SmallCap Market even if a reverse split results in a bid price for the Company's Common Stock that exceeds \$1.00 per share.

The Board of Directors believes that the current low price of the Company's Common Stock has had a negative effect on the marketability of the issued and outstanding shares, the amount and percentage of transaction costs paid by individual stockholders and the potential ability of the Company to raise capital by issuing additional shares of its Common Stock. The Board of Directors believes there are several reasons for these effects. First, certain institutional investors have internal policies preventing the purchase of low-priced stocks. Moreover, a variety of policies and practices of broker-dealers discourage individual brokers within those firms from dealing in low-priced stocks. Second, because brokers' commissions on low-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks, the current share price of the Company's Common Stock can result in individual stockholders paying transaction costs (commissions, markups or markdowns) which are a higher percentage of their total share value than would be the case if the Company's share price were substantially higher. This factor is also believed to limit the willingness of institutions to purchase the Company's Common Stock.

The Board of Directors anticipates that a reverse split would result in an increased per share bid price for the Company's Common Stock. The Board of Directors also believes that the decrease in the number of shares of the Company's Common Stock outstanding as a consequence of a reverse split, and the anticipated related increase in the price of the Company's Common Stock, could encourage interest in the Company's Common Stock and possibly promote greater liquidity for the Company's stockholders, although such liquidity could be adversely affected by the reduced number of shares outstanding after a reverse split. In addition, although any increase in the market price of the Company's Common Stock resulting from a reverse split may be proportionately less than the decrease in the number of outstanding shares, a reverse split could result in a market price for the shares that would be high enough to overcome the reluctance, policies and practices of brokers and investors referred to above and to diminish the adverse impact of trading commissions on the market for the shares.

There can be no assurances, however, that if a reverse split were implemented, the foregoing events would occur, or that the market price of the Company's Common Stock immediately after such a reverse split would be maintained for any period of time. Moreover, there can be no assurance that the market price of the Company's Common Stock after a reverse split would adjust to reflect the conversion ratio (e.g., if the market price is \$1.50 before a reverse split and the ratio is one (1) share for every five (5) shares outstanding there can be no assurance that the market price for such share immediately after the reverse split would be \$7.50 (5 x \$1.50)); or that the market price following a reverse split would either exceed or remain in excess of the then current market price.

Principal Effects of the Proposed 1-for-5 Reverse Split

If the proposed 1-for-5 reverse stock split is approved at the 2005 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-5 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one fifth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of five and the respective exercise prices would be increased by a factor of five.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the reverse split would receive cash in lieu of the fractional share as explained more fully below.

The par value of the Company's Common Stock would remain unchanged at \$.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse split. As of October 21, 2005, the record date for the 2005 Meeting, there were 485,099,686 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse split, the actual number of shares issued and outstanding before and after the reverse split would increase or decrease accordingly.

Because the reverse split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse split would not alter the relative rights and preferences of existing stockholders. The reverse split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse split, the Company would pay cash equal to the fair value of the Company's Common Stock as determined by the Board of Directors at the effective time of the reverse split.

Federal Income Tax Consequences

The following description of the material federal income tax consequences of a reverse split is based on the Internal Revenue Code of 1986, as amended (the "Code"), applicable Treasury Regulations promulgated thereunder, judicial authority and current administrative rulings and practices as in effect on the date of this Proxy Statement. Changes to the laws could alter the tax consequences described below, possibly with retroactive effect. The Company has not sought and will not seek an opinion of counsel or a ruling from the Internal Revenue Service regarding the federal income tax consequences of a reverse split. This discussion is for general information only and does not discuss the tax consequences which may apply to special classes of taxpayers (e.g., non-resident aliens, broker/dealers or insurance companies). The state and local tax consequences of a reverse split may vary significantly as to each stockholder, depending upon the jurisdiction in which such stockholder resides. Stockholders are urged to consult their own tax advisors to determine the particular consequences to them.

In general, the federal income tax consequences of a reverse split will vary among stockholders depending upon whether they receive cash for fractional shares or solely a reduced number of shares of the Company's Common Stock in exchange for their old shares of the Company's Common Stock. The Company believes that because a reverse split would not be part of a plan to increase periodically a stockholder's proportionate interest in the Company's assets or earnings and profits, the reverse split would likely have the following federal income tax effects:

A stockholder who receives solely a reduced number of shares of the Company's Common Stock would not recognize gain or loss. In the aggregate, such a stockholder's basis in the reduced number of shares of the Company's Common Stock would equal the stockholder's basis in its old shares of the Company's Common Stock.

A stockholder who receives cash in lieu of a fractional share as a result of the reverse split would generally be treated as having received the payment as a distribution in redemption of the fractional share, as provided in Section 302(a) of the Code, which distribution would be taxed as either a distribution under Section 301 of the Code or an exchange to such stockholder, depending on that stockholder's particular facts and circumstances. Generally, a stockholder receiving such a payment should recognize gain or loss equal to the difference, if any, between the amount of cash received and the stockholder's basis in the fractional share. In the aggregate, such a stockholder's basis in the reduced number of shares of the Company's Common Stock will equal the stockholder's basis in its old shares of the Company's Common Stock decreased by the basis allocated to the fractional share for which such stockholder is entitled to receive cash.

The Company would not recognize any gain or loss as a result of a reverse split.

Board Discretion to Implement the 1-for-5 Reverse Split

If the proposed 1-for-5 reverse split is approved at the 2005 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting, authorize the reverse split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix I to this Proxy Statement. The determination by the Board of Directors to implement a reverse split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq National Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement a reverse split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2005 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding approval of the reverse split at the 2005 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-5 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 4

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-10, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

For an overview of the reverse stock split proposals, see the caption entitled "Overview" in Proposal No. 3 above.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the "Amendment"), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting.

In Proposal No. 4, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-10 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2005 Meeting, all such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-10 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

For a discussion of the reasons underlying the Company's decision to seek approval for the reverse split, see the caption entitled "Reasons for the Reverse Split" in Proposal No. 3 above.

Principal Effects of the Proposed 1-for-10 Reverse Split

If the proposed 1-for-10 reverse stock split is approved at the 2005 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-10 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one tenth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of ten and the respective exercise prices would be increased by a factor of ten.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the reverse split would receive cash in lieu of the fractional share as explained more fully below.

The par value of the Company's Common Stock would remain unchanged at \$.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse split. As of October 21, 2005, the record date for the 2005 Meeting, there were 485,099,686 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse split, the actual number of shares issued and outstanding before and after the reverse split would increase or decrease accordingly.

Because the reverse split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse split would not alter the relative rights and preferences of existing stockholders. The reverse split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. A purchase or sale of less than one hundred shares (an "odd lot" transaction) may result in incrementally higher trading costs through certain brokers, particularly "full service" brokers. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse split, the Company would pay cash equal to the fair value of the Company's Common Stock as determined by the Board of Directors at the effective time of the reverse split.

Federal Income Tax Consequences

For a discussion of the federal income tax consequences of the reverse split, see the caption entitled "Federal Income Tax Consequences" in Proposal No. 3 above.

Board Discretion to Implement the 1-for-10 Reverse Split

If the proposed 1-for-10 reverse split is approved at the 2005 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting, authorize the reverse split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix II to this Proxy Statement. The determination by the Board of Directors to implement a reverse split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq National Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement the reverse split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2005 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding approval of the reverse split at the 2005 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-10 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 5

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-15, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

For an overview of the reverse stock split proposals, see the caption entitled "Overview" in Proposal No. 3 above.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the "Amendment"), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting.

In Proposal No. 5, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-15 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. If none of the reverse stock splits approved by the stockholders is subsequently implemented by the Board of Directors and effected by the date of the next annual meeting of stockholders following the 2005 Meeting, all such proposals will be deemed abandoned, without any further effect. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-15 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

For a discussion of the reasons underlying the Company's decision to seek approval for the reverse split, see the caption entitled "Reasons for the Reverse Split" in Proposal No. 3 above.

Principal Effects of the Proposed 1-for-15 Reverse Split

If the proposed 1-for-15 reverse stock split is approved at the 2005 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-15 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one fifteenth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of 15 and the respective exercise prices would be increased by a factor of 15.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse split. Holders of the Company's Common Stock who would otherwise receive a fractional share of the Company's Common Stock pursuant to the reverse split would receive cash in lieu of the fractional share as explained more fully below.

The par value of the Company's Common Stock would remain unchanged at \$.01 per share, and the number of authorized shares of the Company's Common Stock would remain unchanged.

If the reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, the Board of Directors would fix a record date for the determination of shares subject to the reverse split. As of October 21, 2005, the record date for the 2005 Meeting, there were 485,099,686 shares of the Company's Common Stock issued and outstanding. If additional shares of the Company's Common Stock are issued or redeemed prior to the effective date of the reverse split, the actual number of shares issued and outstanding before and after the reverse split would increase or decrease accordingly.

Because the reverse split would apply to all issued and outstanding shares of the Company's Common Stock and outstanding rights to purchase the Company's Common Stock or to convert other securities into the Company's Common Stock, the proposed reverse split would not alter the relative rights and preferences of existing stockholders. The reverse split would, however, effectively increase the number of shares of the Company's Common Stock available for future issuances by the Board of Directors.

If the proposed reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, some stockholders may consequently own less than one hundred shares of the Company's Common Stock. Therefore, those stockholders who own less than one hundred shares following implementation of a reverse split may be required to pay higher transaction costs should they subsequently determine to sell their shares of Common Stock.

If a reverse split is approved by the requisite vote of the stockholders, stockholders have no right under Delaware law or the Company's Certificate of Incorporation or By-Laws to dissent from a reverse split or to dissent from the payment of cash in lieu of issuing fractional shares.

Cash Payment in Lieu of Fractional Shares

If the proposed reverse split is approved at the 2005 Meeting and subsequently effected by the Board of Directors, in lieu of any fractional shares to which a holder of the Company's Common Stock would otherwise be entitled as a result of such reverse split, the Company would pay cash equal to the fair value of the Company's Common Stock as determined by the Board of Directors at the effective time of the reverse split.

Federal Income Tax Consequences

For a discussion of the federal income tax consequences of the reverse split, see the caption entitled "Federal Income Tax Consequences" in Proposal No. 3 above.

Board Discretion to Implement the 1-for-15 Reverse Split

If the proposed 1-for-15 reverse split is approved at the 2005 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting, authorize the reverse split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix III to this Proxy Statement. The determination by the Board of Directors to implement a reverse split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq National Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. If the Board of Directors determines to implement the reverse split of the Company's Common Stock, the ratio chosen by the Board of Directors from among those approved by the stockholders at the 2005 Meeting will depend on a number of factors, including market conditions, existing and expected trading prices for the Company's Common Stock and the likely effect of business developments on the market price for the Company's Common Stock. Notwithstanding approval of the reverse split at the 2005 Meeting, the Board of Directors may, in its discretion, determine not to implement the reverse split.

The Board of Directors recommends a vote FOR the proposal to authorize the Board of Directors, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, to effect a reverse stock split of the Company's Common Stock by a ratio of 1-for-15 at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting, without further approval or authorization of the Company's stockholders.

PROPOSAL 6

TO AUTHORIZE THE BOARD OF DIRECTORS, IN ITS DISCRETION, SHOULD IT DEEM IT TO BE APPROPRIATE AND IN THE BEST INTERESTS OF THE COMPANY AND ITS STOCKHOLDERS, TO AMEND THE COMPANY'S CERTIFICATE OF INCORPORATION TO EFFECT A REVERSE STOCK SPLIT OF THE COMPANY'S ISSUED AND OUTSTANDING SHARES OF COMMON STOCK BY A RATIO OF 1-FOR-20, WITHOUT FURTHER APPROVAL OR AUTHORIZATION OF THE COMPANY'S STOCKHOLDERS

Overview

For an overview of the reverse stock split proposals, see the caption entitled "Overview" in Proposal No. 3 above.

General

The Company's stockholders are being asked to approve four different reverse stock split proposals at the ratios of 1-for-5, 1-for-10, 1-for-15 and 1-for-20. If any or all of such proposals are approved, the Board of Directors may subsequently effect, in its discretion, one of the reverse stock splits in the event that it determines that such reverse stock split is appropriate and in the best interests of the Company and its stockholders. The Board of Directors has adopted resolutions, (i) declaring the advisability of each reverse stock split, subject to stockholder approval, (ii) in connection therewith, amending the Company's Certificate of Incorporation (the "Amendment"), to effect each reverse stock split, subject to stockholder approval, and (iii) authorizing any other action it deems necessary or appropriate to effect each reverse stock split, without further approval or authorization of the Company's stockholders, at any time on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting.

In Proposal No. 6, the Company's stockholders are being asked to authorize the Board of Directors, in its discretion, to amend the Company's Certificate of Incorporation to effect a 1-for-20 reverse stock split, without further approval or authorization of the Company's stockholders, at any time prior to the next annual meeting of stockholders.

If approved by the Company's stockholders, and the Board of Directors determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, one of the four proposed reverse stock splits could become effective on any date selected by the Board of Directors on or prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting. The Board of Directors may only effect one of the proposed reverse stock splits. At the effective time of the Amendment, the other Amendment or Amendments approved by the stockholders would be deemed abandoned, without any further effect. Moreover, the Board of Directors reserves the right, even after stockholder approval, to forego effecting a reverse stock split if such action is determined not to be appropriate and in the best interests of the Company and its stockholders. In such case, the Board of Directors may again seek stockholder approval at a future date for a reverse stock split if it deems a reverse stock split to be advisable at that time.

Contingent on approval of this proposal by the requisite vote of the Company's stockholders and thereafter implementation by the Board of Directors and filing of the Amendment with the Secretary of State of the State of Delaware, the 1-for-20 reverse stock split would be effective in accordance with the Amendment.

Reasons for the Proposed Reverse Split

For a discussion of the reasons underlying the Company's decision to seek approval for the reverse split, see the caption entitled "Reasons for the Reverse Split" in Proposal No. 3 above.

Principal Effects of the Proposed 1-for-20 Reverse Split

If the proposed 1-for-20 reverse stock split is approved at the 2005 Meeting and the Board of Directors subsequently determines that a reverse stock split is appropriate and in the best interests of the Company and its stockholders, and elects to effect the 1-for-20 reverse stock split, each outstanding share of the Company's Common Stock would immediately and automatically be changed, as of the effective date of the Amendment, into one twentieth of a share of the Company's Common Stock and the number of shares of the Company's Common Stock subject to outstanding options issued by the Company would be reduced by a factor of 20 and the respective exercise prices would be increased by a factor of 20.

No fractional shares of the Company's Common Stock would be issued by the Company in connection with a reverse split. Federal Income Tax Consequences

For a discussion of the federal income tax consequences of the reverse split, see the caption entitled "Federal Income Tax Consequences" in Proposal No. 3 above.

Board Discretion to Implement the 1-for-20 Reverse Split

If the proposed 1-for-20 reverse split is approved at the 2005 Meeting, the Board of Directors may, in its discretion, should it deem it to be appropriate and in the best interests of the Company and its stockholders, at any time prior to the date of the Company's next annual meeting of stockholders following the 2005 Meeting, authorize the reverse split and file the Amendment with the Secretary of State of the State of Delaware. The form of Amendment is attached as Appendix IV to this Proxy Statement. The determination by the Board of Directors to implement a reverse split of the Company's Common Stock would be based on a number of factors, including continuing to preserve the listing of the Company's Common Stock on the Nasdaq National Market, meeting listing requirements for other trading markets or exchanges, or for other reasons related to the Company's capital markets needs generally, including attracting institutional investors. PROPOSAL 7

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed KPMG LLP, independent registered public accounting firm, to audit the Company's consolidated financial statements for the fiscal year ending July 31, 2006, and recommends that the stockholders vote for ratification of such appointment. If the stockholders do not ratify the selection of KPMG as the Company's independent registered public accounting firm, the appointment will be reconsidered by the Audit Committee. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the Company's and its stockholders' best interests. A representative of KPMG, which served as the Company's independent registered public accounting firm in fiscal 2005, is expected to be present at the Annual Meeting to be available to respond to appropriate questions from stockholders and to make a statement if he or she desires to do so.

The Board of Directors recommends that the stockholders vote FOR the ratification of KPMG LLP to serve as the Company's independent registered public accounting firm for the current fiscal year.

Director Compensation

All of the directors of the Company receive reimbursement of expenses incurred with respect to attendance at meetings of the Board of Directors and meetings of committees thereof.

The Board of Directors has adopted a Director Compensation Plan under which all directors are eligible to participate, other than any director who (i) is an employee of the Company or any of its subsidiaries or affiliates or (ii) unless otherwise determined by the Board, is an affiliate, employee or designee of an institutional or corporate investor in the Company (an "Affiliated Director"). Pursuant to the Director Compensation Plan, each participating director who is serving as a director on the last day of any fiscal quarter shall receive a payment for such quarter of \$12,500. Each participating director who is serving as the chairperson of a committee of the Board of Directors on the last day of any fiscal quarter shall receive a payment of \$1,250, provided, however, that the chairperson of the Audit Committee on the last day of any fiscal quarter shall receive a payment of \$2,500. Each participating director who attends a telephonic meeting of the Board of Directors or a committee thereof shall receive a meeting fee of \$500. 1999 Stock Option Plan for Non-Employee Directors

All directors of the Company are eligible to receive non-statutory stock options to purchase shares of Common Stock under the Company's 1999 Stock Option Plan for Non-Employee Directors, as amended (the "1999 Director Plan"), except for any Affiliated Director. The 1999 Director Plan is described below, however, if the 2005 Plan is approved by the Company's stockholders at the 2005 Meeting (Proposal 2), then no additional grants or awards will be made under the 1999 Director Plan.

Under the 1999 Director Plan, each eligible director who is elected to the Board for the first time will be granted an option to acquire 200,000 shares of Common Stock (the "Initial Option"). Each Affiliated Director who ceases to be an Affiliated Director will be granted, on the date such director ceases to be an Affiliated Director but remains as a member of the Board of Directors, an Initial Option to acquire 200,000 shares of Common Stock under the 1999 Director Plan. Each Initial Option will vest and become exercisable as to $\frac{1}{36}$ th of the number of shares of Common Stock originally subject to the option on each monthly anniversary of the date of grant, provided that the optionee serves as a director on such monthly anniversary date.

On each anniversary of the grant of the Initial Option, each eligible director will automatically be granted an option to purchase 24,000 shares of Common Stock (an "Annual Option"), provided that such eligible director serves as a director on the applicable anniversary date. Each Annual Option granted prior to March 12, 2003 shall vest and become exercisable as to $\frac{1}{12}$ th of the number of shares originally subject to the option on each monthly anniversary date of the date of grant commencing on the 37th monthly anniversary date of the date of grant of such Annual Option, provided that the optionee serves as a director on such monthly anniversary date. Each Annual Option granted on or after March 12, 2003 shall vest and become exercisable as to $\frac{1}{36}$ th of the number of shares originally subject to the option on each monthly anniversary date of the date of grant of such Annual Option, provided that the optionee serves as a director on such monthly anniversary date. The 1999 Director Plan provides that the maximum aggregate number of shares of Common Stock that may vest for any optionee in any 48-month period shall not exceed 200,000 shares. Accordingly, all current participants under the 1999 Plan have agreed to defer the vesting of their Annual Options granted after March 12, 2003 to the extent necessary to comply with this provision.

The option exercise price per share for each option granted under the 1999 Director Plan shall equal the closing price of the Common Stock on the date of grant. Except as otherwise provided in the applicable option agreement, each option granted under the 1999 Director Plan shall terminate, and may no longer be exercised, on the date ten years after the date of grant of such option.

During fiscal year 2005, the following stock options were granted under the 1999 Director Plan:

<u>Director Name</u>	<u>Date of Grant</u>	<u>Type of Option</u>	<u>Number of Shares</u>	<u>Exercise Price</u>

* Mr. Kraft resigned from the Board of Directors on August 26, 2005.

Human Resources and Compensation Committee Report

The Human Resources and Compensation Committee of the Board of Directors (the "Compensation Committee") is composed of four directors who are not employees of the Company. The Compensation Committee regularly reviews and approves compensation and benefit programs of the Company and also reviews and determines the actual compensation of the Company's executive officers, as well as all stock option grants, performance-based stock options, other equity-based awards and cash incentive awards to the Company's executive officers. The Compensation Committee reviews and administers the Company's 2004 Stock Incentive Plan, 2002 Non-Officer Employee Stock Incentive Plan, 2000 Stock Incentive Plan, 1986 Stock Option Plan (under which no further options may be granted) and Employee Stock Purchase Plan. The Compensation Committee reviews executive compensation reports prepared by independent organizations in order to evaluate the appropriateness of its executive compensation program.

The Company operates in highly competitive and rapidly changing markets. The Compensation Committee believes that the compensation programs for executive officers should be designed to attract, motivate and retain talented executives responsible for the success of the Company. The Compensation Committee uses its base salary and incentive bonus program for the Company's executive officers in order to enhance short-term profitability and stockholder value and uses stock options and other equity-based awards to enhance long-term growth in profitability, return on equity and stockholder value. In order to meet these objectives, the Compensation Committee sets base salaries and target incentive bonus awards for the Company's executive officers for each fiscal year based on competitive peer group analysis prepared by a compensation consulting firm.

The Compensation Committee reviews the Company's annual performance plan for the ensuing fiscal year and sets specific incentive target bonus awards which are directly linked to the short-term financial performance of the Company as a whole. For fiscal 2005, the Compensation Committee adopted and administered an Executive Officer Bonus Plan for CMGI, Inc. This plan covered the executive officers of the Company, and was

funded based on the Company's consolidated business performance, with minimum threshold levels established. Bonus payments under the plan were to range from 0-200% of an individual's target bonus based on business and individual performance. Joseph C. Lawler, the Company's President and Chief Executive Officer, received a bonus of \$250,000 for fiscal 2005, which bonus was guaranteed for fiscal 2005 under Mr. Lawler's employment offer letter. William McLennan, the President of Asia-Pacific Operations of ModusLink, received a bonus of \$97,500 for fiscal year 2005, which bonus was guaranteed for fiscal 2005 under Mr. McLennan's employment offer letter. Mr. Southerland earned a bonus of \$50,000, Mr. Ring earned a bonus of \$5,000 and Messrs. Oberdorf, Beck and Westerbos did not earn bonuses for fiscal 2005.

For fiscal 2006, the Compensation Committee has adopted the Fiscal Year 2006 Executive Management Incentive Plan (the "2006 Plan") for CMGI, Inc. The 2006 Plan covers executive officers of the Company, as determined by the Compensation Committee, and is funded based on the Company's consolidated business performance, with minimum threshold levels established. The 2006 Plan is designed to recognize and reward the achievement of financial, business and management goals that are essential to the success of CMGI and its subsidiaries. The bonus payments under the 2006 Plan are expected to range, subject to the terms of the 2006 Plan, from 0-200% of an individual's target bonus based on business and individual performance and the discretion of the Compensation Committee. Target bonuses under the 2006 Plan for participating executive officers are expected to be between \$117,500 and \$204,000, other than for Joseph C. Lawler, CMGI's President and Chief Executive Officer, whose target bonus is \$687,500 (as set forth in Mr. Lawler's employment offer letter dated August 23, 2004 (the "Employment Offer Letter"). In addition, the Compensation Committee also established a plan for the issuance of restricted shares of CMGI common stock, ranging from 50,000 to 180,000 shares, to each of its executive officers (other than Mr. Lawler, who is not a participant in the restricted stock grant bonus plan). These grants of restricted shares of common stock are expected to be made, subject to certain business goals being achieved, on the third business day following the day CMGI publicly releases its financial results for the fiscal year ending July 31, 2006.

In addition to salaries and incentive bonuses, the Compensation Committee also grants stock options, shares of restricted stock and other equity-based awards to executive officers and other key employees of the Company and its subsidiaries in order to focus the efforts of these employees on the long-term enhancement of profitability and stockholder value. Following a review by the Compensation Committee of the stock options and other equity held by the executive officers, certain executive officers of the Company were granted a combination of stock options and shares of restricted stock in fiscal 2005.

With respect to the Chief Executive Officer of the Company, the Compensation Committee utilizes a compensation program composed of base salary, incentive bonuses based on business and financial performance of the Company and individual performance during the fiscal year, and stock option grants. In determining the compensation of the Company's Chief Executive Officer, the Compensation Committee reviewed comparable compensation data from the Company's competitive peer groups, as well as the Chief Executive Officer's potential for effectiveness and leadership with the Company. In August 2004, Joseph C. Lawler became President and Chief Executive Officer of the Company. Pursuant to Mr. Lawler's employment offer letter dated August 23, 2004, on each of the first five anniversaries of Mr. Lawler's date of hire on which he is employed by the Company, Mr. Lawler is entitled to annual stock option grants and restricted stock awards such that, when added to the initial equity grants and awards made to Mr. Lawler, he would own, or have the right to acquire, 2% of the Company's outstanding shares of Common Stock (on a fully diluted basis) on August 2, 2004, immediately following the Company's acquisition of Modus Media, Inc. For a description of Mr. Lawler's employment-related agreements and arrangements, see "Employment Agreements and Severance and Change of Control Arrangements."

In August 2004, George A. McMillan resigned as the President and Chief Executive Officer of the Company. See "Employment Agreements and Severance and Change of Control Arrangements."

Section 162(m) of the Code generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the company's chief executive officer and the four other most highly compensated executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. In general, the Company structures and administers its stock option plans in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, there can be no assurance that compensation attributable to awards granted under the Company's stock option plans will be treated as qualified performance-based compensation under Section 162(m). In addition, the Compensation Committee reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in the best interests of the Company and its stockholders.

The Compensation Committee believes that the foregoing combination of base salaries, incentive bonuses, stock options, shares of restricted stock and other equity-based awards have helped develop a senior management group dedicated to the business results and financial performance of the Company.

Certain Relationships and Related Transactions

@Ventures

The Company maintains interests in several venture capital funds. The Company's interests in such entities are reflected principally through its ownership of CMG@Ventures Capital Corp. and CMG@Ventures, Inc., wholly owned subsidiaries of the Company. CMG@Ventures Capital Corp. and CMG@Ventures, Inc. are entitled to (i) an interest ranging from approximately 77.5% to 80% of the net capital gains realized by CMG@Ventures I, LLC ("CMG@Ventures I") (which percentage varies depending on the date on which the investment generating the particular net capital gain was made) and (ii) approximately 80% of the net capital gains realized by CMG@Ventures II, LLC ("CMG@Ventures II"). The @Ventures III funds are comprised of four entities that co-invest in each investment made by the @Ventures III funds. Approximately 78% of each investment made by the @Ventures III funds is made by two entities, @Ventures III, L.P. and @Ventures Foreign Fund III, L.P. The Company does not have a direct ownership interest in either of these entities, but

CMG@Ventures Capital Corp. is entitled, through its ownership of an approximately 10% interest in @Ventures Partners III, LLC (“@Ventures Partners III”), the general partner of such entities to (x) approximately 0.1% of the capital of each entity, and (y) approximately 2% of the net capital gains realized by each entity after return of certain priority amounts to the limited partners of each entity. CMG@Ventures III, LLC (“CMG@Ventures III”) co-invests approximately 20% of the total amount invested in each @Ventures III fund portfolio company investment. CMG@Ventures Capital Corp. owns 100% of the capital and is entitled to approximately 80% of the cumulative net capital gains realized by CMG@Ventures III. @Ventures Partners III is entitled to the remaining 20% of the net capital gains realized by CMG@Ventures III. The remaining 2% invested in each @Ventures III fund investment is provided by a fourth entity, @Ventures Investors, LLC, in which the Company has no interest. During fiscal 2000, additional venture capital fund entities were formed to provide follow-on financing to @Ventures III fund portfolio companies. These “expansion funds” have a structure that is substantially identical to the @Ventures III funds, and the Company’s interests in such funds are comparable to its interests in the @Ventures III funds. CMG@Ventures Capital Corp. is entitled to approximately 80% of the net capital gains realized by CMG@Ventures Expansion, LLC. CMG@Ventures Capital Corp., through its interest in CMGI@Ventures IV, LLC (“CMGI@Ventures IV”), is generally entitled to an interest, ranging from 80% to 92.5%, of the net profits from each investment made by CMGI@Ventures IV, depending on the aggregate amount previously distributed to CMGI@Ventures Capital Corp. by CMGI@Ventures IV, and after payment of certain fees to profit members of CMGI@Ventures IV. During fiscal 2004, the Company formed @Ventures V, LLC (“@Ventures V”). CMG@Ventures Capital Corp., through its interest in @Ventures V, is generally entitled to approximately 93.3% of the net profits from each investment made by @Ventures V.

Mr. Wetherell is a profit member (as defined in the limited liability company agreement) of CMG@Ventures I, and in that capacity owns an approximately 8.6% carried interest in the net realized gains (as defined in the limited liability company agreement) of CMG@Ventures I. Mr. Wetherell’s interest in CMG@Ventures I is fully vested. Mr. Wetherell is a managing member of CMG@Ventures II and in that capacity owns an approximately 7.8% carried interest in the net realized gains (as defined in the operating agreement) of CMG@Ventures II. Mr. Wetherell’s interest in CMG@Ventures II is fully vested. Mr. Wetherell has indirect compensatory interests in the @Ventures III funds and related management entities (as described below). Mr. Wetherell is not a member of CMG@Ventures Expansion, LLC and has no compensatory interests therein. Mr. Wetherell is not a member of CMGI@Ventures IV and has no compensatory interests therein. Mr. Wetherell is not a member of @Ventures V and has no compensatory interests therein.

Jonathan A. Kraft, a member of the Company’s Board of Directors until his resignation on August 26, 2005, is President and Chief Operating Officer of The Kraft Group, a private holding company. The Kraft Group is a limited partner of @Ventures III, L.P. and @Ventures Expansion Fund, L.P.

CMG@Ventures I and CMG@Ventures II

From August 1, 2004 through July 31, 2005, Mr. Wetherell received no distributions of cash or securities from CMG@Ventures I or CMG@Ventures II. During such period, no cash or securities were allocated to the account of Mr. Wetherell in his capacity as a member of CMG@Ventures I or CMG@Ventures II.

@Ventures III

Mr. Wetherell has indirect compensatory interests in the @Ventures III funds and related management entities. Mr. Wetherell is a voting managing member of @Ventures Partners III, which manages @Ventures III, L.P., @Ventures Foreign Fund III, L.P. and CMG@Ventures III. Mr. Wetherell is entitled to approximately 29.8% of all amounts distributed by such entities to @Ventures Partners III. Mr. Wetherell’s interest in @Ventures Partners III is fully vested. Employment Agreements and Severance and Change of Control Arrangements

Joseph C. Lawler

On August 23, 2004, Joseph C. Lawler was appointed President and Chief Executive Officer of the Company. In connection therewith, the Company and Mr. Lawler executed an employment offer letter, dated as of August 23, 2004, which provides for the employment of Mr. Lawler as President and Chief Executive Officer of the Company at an annual salary of \$550,000. Mr. Lawler shall also be eligible for an annual cash bonus under

the Company's Executive Officer Bonus Plan (or any successor plan). Mr. Lawler's annual target bonus shall be 125% of his annual salary. Mr. Lawler's bonus for fiscal 2005 was guaranteed at a minimum of \$250,000. Pursuant to the employment offer letter, on August 23, 2004, Mr. Lawler was granted an option to purchase 2,700,000 shares of the Company's Common Stock at an exercise price of \$1.25 per share. Such option has a seven-year term and shall vest 20% of the total number of shares subject to the option on each of the first five anniversaries of the grant date. In addition, on August 27, 2004, Mr. Lawler was granted 1,800,000 restricted shares of the Company's Common Stock with the purchase price deemed to have been paid in kind through Mr. Lawler's agreement to employment by the Company. Such restricted shares shall be subject to forfeiture provisions which shall lapse as to 20% of the total number of shares subject to the grant on each of the first five anniversaries of the grant date. In connection with such initial grants of stock options and restricted stock, Mr. Lawler and the Company also entered into an agreement containing non-competition covenants in favor of the Company during Mr. Lawler's employment and for 12 months thereafter. In addition, on each of the first five anniversaries of Mr. Lawler's date of hire on which he is employed by the Company, the Company shall grant additional stock options and restricted stock awards ("Additional Awards") to Mr. Lawler with respect to such number of shares of the Company's Common Stock that, when added to the initial grants described above, will be equal to 2% of the Company's outstanding shares of common stock (on a fully diluted basis) on August 2, 2004, immediately following the Company's acquisition of Modus Media, Inc. Each such additional grant of stock options and restricted stock shall be in the proportion of 1.5 options to each share of restricted stock. Each Additional Award shall vest 20% of the total of such award on each anniversary of the date of grant and, in the case of stock options, shall have a seven-year term and an exercise price equal to the fair market value of a share of the Company's Common Stock on the date of grant. Per the employment offer letter, on August 23, 2005, Mr. Lawler was granted his first Additional Awards, consisting of an option to purchase 674,527 shares of common stock at an exercise price of \$1.74 per share and 449,685 shares of restricted stock. These Additional Awards vest as described above. If at any time the closing share price of the Company's Common Stock equals or exceeds \$3.00 for 30 consecutive trading days (adjusted for changes in capitalization), then the Company shall immediately grant to Mr. Lawler all Additional Awards that have not been previously granted. The inability of the Company to grant any of the Additional Awards when due for any reason, including as a result of a failure of the Company to obtain stockholder approval of a necessary increase in the number of shares available under any applicable Company equity incentive plan, would constitute Good Reason under Mr. Lawler's Executive Severance Agreement described below.

Pursuant to the employment offer letter, Mr. Lawler and the Company entered into an Executive Severance Agreement, dated as of August 23, 2004, that provides in the event that his employment is terminated by the Company for a reason other than for Cause (as defined) or by Mr. Lawler for Good Reason (as defined), then the Company shall pay Mr. Lawler a one-time severance payment equal to 12 months of his then-current annual base salary plus his target bonus as in effect on his last day of employment. In addition, 50% of the portion of each of Mr. Lawler's stock options and restricted stock awards which would otherwise become vested on or before the first anniversary of the date his employment is terminated shall be immediately vested, such vested awards that were granted as restricted stock shall be free of restrictions and such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In addition, the agreement provides that in the event that his employment is terminated by the Company for a reason other than for Cause or by Mr. Lawler for Good Reason within 12 months following a Change of Control (as defined), then the Company shall pay Mr. Lawler a one-time severance payment equal to 24 months of his then-current annual base salary plus two times his target bonus as in effect on his last day of employment. In addition, (i) in the event the Change in Control occurs on or after August 23, 2005, $\frac{1}{3}$ of Mr. Lawler's stock options and restricted stock awards which are not then vested (taken proportionately from each of the remaining vesting tranches) shall immediately vest as of the date of termination, (ii) in the event the Change in Control occurs on or after August 23, 2006, $\frac{2}{3}$ of Mr. Lawler's stock options and restricted stock awards which are not then vested (taken proportionately from each of the remaining vesting tranches) shall immediately vest as of the date of termination, (iii) in the event the Change in Control occurs on or after the August 23, 2007, all of Mr. Lawler's stock options and restricted stock awards which are not then vested shall immediately vest as of the date of termination, and (vi) in each such case, such vested awards that were granted as restricted stock shall be free of restrictions and

such vested awards that were granted as options shall remain exercisable for a period of six months following his last day of employment. In the event that any amounts payable to Mr. Lawler under the agreement are characterized as “excess parachute payments” under Section 280G of the Internal Revenue Code, then Mr. Lawler may elect to reduce the severance payments or have a portion of the stock options or restricted stock not vest.

Pursuant to the employment offer letter, Mr. Lawler and the Company also entered into an agreement, dated as of August 23, 2004, pursuant to which the Company agreed to reimburse Mr. Lawler for certain relocation expenses up to a maximum of \$150,000, of which \$110,836 was paid in fiscal 2005. Pursuant to the employment offer letter, Mr. Lawler and the Company also entered into an agreement, dated as of August 23, 2004, pursuant to which the Company agreed to provide indemnification to Mr. Lawler in his capacities as a director and executive officer of the Company to the fullest extent provided by applicable law and by the Company’s Certificate of Incorporation and By-laws.

The option vested and became exercisable as follows: (A) 125,000 shares on each of the three-month, six-month, ninth-month and one year anniversary of the grant date, plus (B) $\frac{1}{48}$ th of the number of shares originally subject to option on each monthly anniversary of the grant date thereafter. The option was divided into three tranches as follows: tranche 1 = 1,250,000 shares; tranche 2 = 1,000,000 shares; and tranche 3 = 500,000 shares. Tranche 1 of the option vested and became exercisable as follows: (A) $\frac{1}{4}$ th of the number of shares subject to tranche 1 vested and became exercisable on the earlier to occur of (i) the first anniversary of the date of grant and (ii) the first date following the date of grant that the Company publicly announces operating income excluding expenses related to in-process research and development, depreciation, restructuring, long-lived asset impairment and amortization of intangible assets and stock-based compensation (“Net Operating Income”) on a consolidated basis for a fiscal quarter commencing after the date of grant greater than zero dollars (the “First Confirmation Date”), plus (B) an additional $\frac{1}{48}$ th of the number of shares subject to tranche 1 vested and became exercisable on the date of each successive monthly anniversary of the first anniversary of the date of grant. Tranche 2 of the option was to vest and become exercisable as follows: (A) $\frac{1}{4}$ th of the number of shares subject to tranche 2 was to vest and become exercisable on the first anniversary of the First Confirmation Date, plus (B) an additional $\frac{1}{48}$ th of the number of shares subject to tranche 2 was to vest and become exercisable on the date of each successive monthly anniversary of the first anniversary of the First Confirmation Date. Notwithstanding the foregoing, in the event that the First Confirmation Date did not occur prior to February 18, 2007, tranche 2 of the option was to nonetheless vest and become exercisable in full on February 18, 2007. Tranche 3 of the option was to vest and become exercisable as follows: (A) $\frac{1}{4}$ th of the number of shares subject to tranche 3 was to vest and become exercisable on the first anniversary of the first date following the First Confirmation Date that the Company publicly announces Net Operating Income on a consolidated basis for a fiscal quarter greater than that reached for the fiscal quarter with respect to the First Confirmation Date (the “Second Confirmation Date”), plus (B) an additional $\frac{1}{48}$ th of the number of shares subject to tranche 3 was to vest and become exercisable on the

Mr. McMillan and the Company entered into an Amended and Restated Executive Severance Agreement, dated as of March 1, 2002, that provided in the event that his employment is terminated by the Company for a reason other than for Cause (as defined) or by Mr. McMillan for Good Reason (as defined), then the Company was to pay Mr. McMillan a one-time severance payment equal to 12 months of his then-current annual base salary plus his target bonus as in effect on his last day of employment. Additionally, in the event that any such termination of employment occurred on or after February 18, 2004, 50% of the then-unvested options to purchase shares of common stock of the Company pursuant to options granted to Mr. McMillan on February 18, 2002 ("CEO Options") were to immediately become exercisable in full and be deemed fully vested. In addition, the agreement provided that in the event that his employment was terminated by the Company for a reason other than for Cause or by Mr. McMillan for Good Reason within one year following a Change of Control of the Company (as defined), then (i) the Company was to pay Mr. McMillan a one-time severance payment equal to 24 months of his then-current annual base salary plus target bonus as in effect on his last day of employment, and (ii) each outstanding option to purchase shares of Common Stock of the Company then held by Mr. McMillan was to immediately become exercisable in full and be deemed fully vested. In the event that any amounts payable to Mr. McMillan under the agreement were characterized as "excess parachute payments" under Section 280G of the Code, then Mr. McMillan was entitled elect to reduce the severance payments or have a portion of the stock options not vest, provided that any such election shall not adversely affect the Company. Mr. McMillan and the Company also entered into an agreement containing non-competition covenants in favor of the Company during Mr. McMillan's employment and for 12 months thereafter.

2005 NON-EMPLOYEE DIRECTOR PLAN

1. *Purpose*

The purpose of this 2005 Non-Employee Director Stock Option Plan (the “Plan”) of CMGI, Inc., a Delaware corporation (the “Company”), is to advance the interests of the Company’s stockholders by enhancing the Company’s ability to attract, retain and motivate persons who are expected to make important contributions to the Company as members of its Board of Directors (“Board”) and by providing such persons with equity ownership opportunities that are intended to align their interests with those of the Company’s stockholders to afford such persons an opportunity to share in the future successes of the Company. The Plan shall be effective upon approval of the Plan by the Company’s stockholders. Upon approval of the Plan by the Company’s stockholders, no additional awards or grants shall be made under the Amended and Restated 1999 Stock Option Plan for Non-Employee Directors, as amended.

2. *Eligibility*

Each Non-Employee Director of the Company is eligible to receive options (each, an “Award”) under the Plan. Each person who receives an Award under the Plan is deemed a “Participant.” For purposes hereof, a “Non-Employee Director” is a member of the Company’s Board of Directors who: (i) is not an employee of the Company or any of its subsidiaries or affiliates; or (ii) unless otherwise determined by the Board of Directors, is not an affiliate (as such term is defined in Rule 144(a)(1) promulgated under the Securities Act of 1933), employee, representative or designee of an institutional or corporate investor in the Company. Each member of the Company’s Board of Directors who is not a Non-Employee Director shall be an “Affiliated Director.”

3. *Administration*

(a) *Administration by Board of Directors.* The Plan will be administered by the Board. The Board may correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem expedient to carry the Plan into effect and it shall be the sole and final judge of such expediency. All decisions by the Board shall be made in the Board’s sole discretion and shall be final and binding on all persons having or claiming any interest in the Plan or in any Award. No director or person acting pursuant to the authority delegated by the Board shall be liable for any action or determination relating to or under the Plan made in good faith.

(b) *Appointment of Committees.* To the extent permitted by applicable law, the Board may delegate any or all of its powers under the Plan to one or more committees or subcommittees of the Board (a “Committee”). All references in the Plan to the “Board” shall mean the Board or a Committee of the Board to the extent that the Board’s powers or authority under the Plan have been delegated to such Committee.

4. *Stock Available for Awards.* Subject to adjustment under Section 6, Awards may be made under the Plan for up to 2,000,000 shares of common stock, \$0.01 par value per share, of the Company (the “Common Stock”). All Awards granted under this Plan shall be for the purchase of non-statutory stock options that are not entitled to special tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended. If any Award (A) expires or is terminated, surrendered or canceled without having been fully exercised or is forfeited in whole or in part or (B) results in any Common Stock not being issued, the unused Common Stock covered by such Award shall again be available for the grant of Awards under the Plan.5. *Stock Options*

(a) *Initial Grant.* Upon the commencement of service on the Board as a Non-Employee Director, or upon an Affiliated Director first becoming a Non-Employee Director, the Company shall grant to such person an Award to purchase 200,000 shares of Common Stock (subject to adjustment under Section 6) (the “Initial Grant”).

(b) *Annual Grant.* On the date of each annual meeting of stockholders of the Company commencing with the Company's 2005 annual meeting of stockholders, the Company shall grant to each Non-Employee Director of the Company who is both serving as a director of the Company immediately prior to and immediately following such annual meeting, an Award to purchase 24,000 shares of Common Stock (subject to adjustment under Section 6) (each, an "Annual Grant"); provided, however, that a director shall not be eligible to receive an option grant under this Section 5(b) unless as of the date of such annual meeting, such director has served on the Board for at least six months.

(c) *Terms of Awards.* Awards granted under this Plan shall have an exercise price equal to the closing sale price (for the primary trading session) of the Common Stock on The Nasdaq Stock Market or the national securities exchange on which the Common Stock is then traded on the trading date on the date of grant (and if the Common Stock is not then traded on The Nasdaq Stock Market or a national securities exchange, the fair market value of the Common Stock on such date as determined by the Board). The Initial Grant and the Annual Grants shall vest and become exercisable as to 1/36th of the number of shares of Common Stock originally subject to the Award on each monthly anniversary of the date of grant, provided that the optionee serves as a member of the Board of Directors on such monthly anniversary date. In no event shall any additional vesting shall take place after the Participant ceases to serve as a director; provided, however, the Board may provide for accelerated vesting in the case of death or disability. Each Award shall (i) expire on the date that is 10 years from the date of grant and (ii) contain such other terms and conditions as the Board shall determine. All outstanding Awards granted under the Plan shall immediately become vested and exercisable in full upon a Change in Control (as defined in Section 7 below).

(d) *Limitation on Repricing.* Unless such action is approved by the Company's stockholders: (A) no outstanding Award granted under the Plan may be amended to provide an exercise price per share that is lower than the then current exercise price per share for such outstanding Award (other than adjustments pursuant to Section 6); and (B) the Board may not cancel any outstanding Award and grant in substitution therefor new Awards covering the same or a different number of shares of Common Stock and having an exercise price per share lower than the then current exercise price per share of the cancelled Award.

(e) *Exercise of Award.* Awards may be exercised by delivery to the Company of a written notice of exercise signed by the proper person or by any other form of notice (including electronic notice) approved by the Company together with payment in full as specified in Section 5(f) for the number of shares for which the Award is exercised. Shares of Common Stock subject to the Award will be delivered by the Company following exercise either as soon as practicable or, subject to such conditions as the Board shall specify, on a deferred basis (with the Company's obligation to be evidenced by an instrument providing for future delivery of the deferred shares at the time or times specified by the Board).

(f) *Payment Upon Exercise.* Common Stock purchased upon the exercise of an Award granted under the Plan shall be paid for as follows:

(i) in cash or by check, payable to the order of the Company;

(ii) except as the Board may otherwise provide in an option agreement, by (x) delivery of an irrevocable and unconditional undertaking by a creditworthy broker to deliver promptly to the Company sufficient funds to pay the exercise price and any required tax withholding or (y) delivery by the Participant to the Company of a copy of irrevocable and unconditional instructions to a creditworthy broker to deliver promptly to the Company cash or a check sufficient to pay the exercise price and any required tax withholding;

(iii) if the Common Stock is registered under the Securities Exchange Act of 1934 (the "Exchange Act"), by delivery of shares of Common Stock owned by the Participant valued at their fair market value as of the date the shares are so delivered, provided (x) such method of payment is then permitted under applicable law, (y) such Common Stock, if acquired directly from the Company, was owned by the Participant for such minimum period of time, if any, as may be established by the Board in its discretion and (z) such Common Stock is not subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements;

(iv) to the extent permitted by applicable law and by the Board, by (x) delivery of a promissory note of the Participant to the Company on terms determined by the Board, or (y) payment of such other lawful consideration as the Board may determine; or

(v) by any combination of the above permitted forms of payment.

(g) *Substitute Awards*. In connection with a merger or consolidation of an entity with the Company or the acquisition by the Company of property or stock of an entity, the Board may grant Awards in substitution for any options or other stock or stock-based awards granted by such entity or an affiliate thereof. Substitute Awards may be granted on such terms as the Board deems appropriate in the circumstances, notwithstanding any limitations on Awards contained in the other sections of this Plan.

6. *Adjustments for Changes in Common Stock and Certain Other Events*. In the event of any stock split, reverse stock split, stock dividend, recapitalization, combination of shares, reclassification of shares, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than an ordinary cash dividend, (i) the number and class of securities available under this Plan and to be granted under Sections 5(a) and 5(b), and (ii) the number and class of securities and exercise price per share of each outstanding Award shall be appropriately adjusted by the Company (or substituted Awards may be made, if applicable).

7. *Change in Control*. For purposes hereof, "Change in Control" means an event or occurrence set forth in any one or more of subsections (a) through (d) below (including an event or occurrence that constitutes a Change in Control under one of such subsections but is specifically exempted from another such subsection):

(a) the acquisition by an individual, entity or group (within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act (a "Person") of beneficial ownership of any capital stock of the Company if, after such acquisition, such Person beneficially owns (within the meaning of Rule 13d-3 promulgated under the Exchange Act) a majority or more of either (i) the then outstanding shares of common stock of the Company (the "Outstanding Company Common Stock") or (ii) the combined voting power of the then outstanding securities of the Company entitled to vote generally in the election of directors (the "Outstanding Company Voting Securities"); provided, however, that for purposes of this subsection (a), the following acquisitions shall not constitute a Change in Control: (i) any acquisition directly from the Company (excluding an acquisition pursuant to the exercise, conversion or exchange of any security exercisable for, convertible into or exchangeable for common stock or voting securities of the Company, unless the Person exercising, converting or exchanging such security acquired such security directly from the Company or an underwriter or agent of the Company), (ii) any acquisition by the Company, (iii) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company, or (iv) any Business Combination (as defined below) excepted from subsection (c) of this Section 7 by the proviso set forth therein; or

(b) such time as the Continuing Directors (as defined below) do not constitute a majority of the Board (or, if applicable, the Board of Directors of a successor corporation to the Company), where the term "Continuing Director" means at any date a member of the Board (i) who was a member of the Board on the date of adoption of this Plan or (ii) who was nominated or elected subsequent to such date by at least a majority of the directors who were Continuing Directors at the time of such nomination or election or whose election to the Board was recommended or endorsed by at least a majority of the directors who were Continuing Directors at the time of such nomination or election; provided, however, that there shall be excluded from this clause (ii) any individual whose initial assumption of office occurred as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents, by or on behalf of a person other than the Board; or

(c) the consummation of a merger, consolidation, reorganization, recapitalization or statutory share exchange involving the Company or a sale or other disposition of all or substantially all of the assets of the Company (a "Business Combination"), provided, that no such Business Combination shall constitute a

Change in Control if, immediately following such Business Combination, all or substantially all of the individuals and entities who were the beneficial owners of the Outstanding Company Common Stock and Outstanding Company Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, at least a majority of the then outstanding shares of common stock and the combined voting power of the then outstanding securities entitled to vote generally in the election of directors, respectively, of the resulting or acquiring corporation in such Business Combination (which shall include, without limitation, a corporation which as a result of such transaction owns the Company or substantially all of the Company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the Outstanding Company Common Stock and Outstanding Company Voting Securities, respectively; or

(d) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company.

8. *General Provisions Applicable to Awards*

(a) *Transferability of Awards.* Awards shall not be sold, assigned, transferred, pledged or otherwise encumbered by the person to whom they are granted, either voluntarily or by operation of law, except by will or the laws of descent and distribution or pursuant to a qualified domestic relations order, and, during the life of the Participant, shall be exercisable only by the Participant; except that the Board may permit or provide in an Award for the gratuitous transfer of the Award by the Participant to or for the benefit of any immediate family member, family trust or family partnership established solely for the benefit of the Participant and/or an immediate family member thereof if, with respect to such proposed transferee, the Company would be eligible to use a Form S-8 for the registration of the sale of the Common Stock subject to such Award under the Securities Act of 1933, as amended, provided that the Company shall not be required to recognize any such transfer until such time as the Participant and such permitted transferee shall, as a condition to such transfer, deliver to the Company a written instrument in form and substance satisfactory to the Company confirming that such transferee shall be bound by all of the terms and conditions of the Award. References to a Participant, to the extent relevant in the context, shall include references to authorized transferees.

(b) *Documentation.* Each Award shall be evidenced in such form (written, electronic or otherwise) as the Board shall determine. Each Award may contain terms and conditions in addition to those set forth in the Plan.

(c) *Termination of Status.* The Board shall determine the effect on an Award of the disability, death, retirement, authorized leave of absence or other change in the status of a Participant and the extent to which, and the period during which, the Participant, or the Participant's legal representative, conservator, guardian or designated beneficiary, may exercise rights under the Award.

(d) *Withholding.* Each Participant shall pay to the Company, or make provision satisfactory to the Company for payment of, any taxes required by law to be withheld in connection with an Award to such Participant. If provided for in an Award or approved by the Company, in its discretion, a Participant may satisfy such tax obligations in whole or in part by delivery of shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value; provided, however, except as otherwise provided by the Board, that the total tax withholding where stock is being used to satisfy such tax obligations cannot exceed the Company's minimum statutory withholding obligations (based on minimum statutory withholding rates for federal and state tax purposes, including payroll taxes, that are applicable to such supplemental taxable income). Shares surrendered to satisfy tax withholding requirements cannot be subject to any repurchase, forfeiture, unfulfilled vesting or other similar requirements. The Company may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to a Participant.

(e) *Amendment of Award.* Except as is otherwise provided in this Plan, the Board may amend, modify or terminate any outstanding Award, including but not limited to, substituting therefor another Award of the same or a different type or changing the date of exercise or realization, provided that the Participant's

consent to such action shall be required unless the Board determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

(f) *Conditions on Delivery of Stock.* The Company will not be obligated to deliver any shares of Common Stock pursuant to the Plan or to remove restrictions from shares previously delivered under the Plan until (i) all conditions of the Award have been met or removed to the satisfaction of the Company, (ii) in the opinion of the Company's counsel, all other legal matters in connection with the issuance and delivery of such shares have been satisfied, including any applicable securities laws and any applicable stock exchange or stock market rules and regulations, and (iii) the Participant has executed and delivered to the Company such representations or agreements as the Company may consider appropriate to satisfy the requirements of any applicable laws, rules or regulations.

(g) *Acceleration.* Except as otherwise provided in this Plan, the Board may at any time provide that any Award shall become immediately exercisable in full or in part, free of some or all restrictions or conditions, or otherwise realizable in full or in part, as the case may be.

9. *Miscellaneous*

(a) No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment or any other relationship with the Company. The Company expressly reserves the right at any time to dismiss or otherwise terminate its relationship with a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.

(b) Subject to the provisions of the applicable Award, no Participant shall have any rights as a stockholder with respect to any shares of Common Stock to be issued with respect to an Award until becoming the record holder of such shares. Notwithstanding the foregoing, in the event the Company effects a split of the Common Stock by means of a stock dividend and the exercise price of and the number of shares subject to such Award are adjusted as of the date of the distribution of the dividend (rather than as of the record date for such dividend), then an optionee who exercises an Award between the record date and the distribution date for such stock dividend shall be entitled to receive, on the distribution date, the stock dividend with respect to the shares of Common Stock acquired upon such Award exercise, notwithstanding the fact that such shares were not outstanding as of the close of business on the record date for such stock dividend.

(c) The Plan shall become effective on the date on which it is adopted by the Board, but no Award may be granted unless and until the Plan has been approved by the Company's stockholders. No Awards shall be granted under the Plan after the completion of 10 years from the earlier of (i) the date on which the Plan was adopted by the Board or (ii) the date the Plan was approved by the Company's stockholders, but Awards previously granted may extend beyond that date.

(d) The Board may amend, suspend or terminate the Plan or any portion thereof at any time; provided that (i) no amendment that would require stockholder approval under the rules of the Nasdaq Stock Market or other applicable exchange or governing body may be effective unless and until such amendment shall have been approved by the Company's stockholders or and (ii) in no event shall the Plan be amended to (A) increase the number of shares authorized under the Plan; (B) expand the types of awards that may be granted under the Plan; (C) expand the class of participants eligible to participate in the Plan; or (D) delete or limit any provisions prohibiting repricing of options or Awards, unless stockholder approval is first obtained.

(e) *Compliance with Code Section 409A.* No Award shall provide for deferral of compensation that does not comply with Section 409A of the Code, unless the Board, at the time of grant, specifically provides that the Award is not intended to comply with Section 409A of the Code.

(f) *Governing Law.* The provisions of the Plan and all Awards made hereunder shall be governed by and interpreted in accordance with the laws of the State of Delaware, without regard to any applicable conflicts of law.

(g) *Compliance with Securities Laws.* Each Award shall be subject to the requirement that if, at any time, counsel to the Company shall determine that the listing, registration or qualification of the shares subject to such Award upon any securities exchange or under any state or federal law, or the consent or approval of any governmental or regulatory body, or the disclosure of non-public information or the satisfaction of any other condition is necessary as a condition of, or in connection with, the issuance or purchase of shares thereunder, such Award may not be exercised, in whole or in part, unless such listing, registration, qualification, consent or approval, or satisfaction of such condition shall have been effected or obtained on conditions acceptable to the Board of Directors. Nothing herein shall be deemed to require the Company to apply for or to obtain such listing, registration or qualification, or to satisfy such condition.
